Product Overview

Adata / Xpg Defender Pro White - with front ARGB controller, magnetic meshed front panel, vertical VGA mount bracket included , dual-chamber design - with 3mm tempered glass side panel, all steel exterior, dedicated chamber for psu + hdd bay, no psu

Specifications

Overview:

XPG DEFENDER PRO offers full-size E-ATX dimension with MESH front panel design and ARGB Strips lighting effects. Available in black and white colors with x3 included XPG VENTO 120 ARGB fans.

Features:

E-ATX Dimension Chassis with MESH Panel Design
XPG DEFENDER PRO is a full size E-ATX dimension chassis, premium for its spacious layout design and its MESH gaming front panel style with the ARGB Strips lighting subtly shine behind the MESH panel.

Black and White Colors
XPG DEFENDER PRO Mid-Tower Chassis is available in both black and white colors. Its MESH Geometric fine cut design is both aesthetically elegant and aerodynamically efficient in enhancing airflow intake.

Magnetic MESH Front Panel Design with Detachable Dust Filter
Magnetic front panel acts as a frontier dust filter, preventing and protecting any other internal components. Its removable dust filter further blocks out unwanted dusts and ashes.

Efficient Airflow Design
XPG DEFENDER PRO's efficient airflow design begins with the MESH front panel, its x3 XPG VENTO 120 ARGB included fans, and supports up 360mm Radiator (front) and 280mm Radiator (top).

Perforated Cooling PSU Chamber
PSU is also cooled with perforated PSU chamber with a removable dust filter.

Support Vertical VGA Installation

XPG DEFENDER PRO supports vertical VGA installation. Exhibit graphic card and other components with lighting effects.

Storage Options
Supports up to x2 2.5" HDD/SSD at the back of the chassis, and x2 2.5"/3.5" Combo Drive at storage bays.

Versatile I/O Port
I/O Ports are also versatile, with x2 USB 3.0 ports, a hybrid audio port and a LED button to switch between lighting effects.
