Specifications

Overview:

Promate FM11 is a top-of-the-line FM transmitter audio device which is designed for safe driving while listening with high quality audio performance. This patented design fits any car interior for safety and convenience. The unit is tuned to an open channel on your car's stereo so you can play music from your MP3/MP4 player, iPod, USB drives, SD/MMC (MP3 or WMA files). Its FM technology routes the sound to the car stereo speaker for clean and clear sound. The large LCD screen keeps you informed of music data and all functions can be accessed from the remote controller.

Features:

- Patented fashionable design with unique multi-position controller
- User-friendly interface and clear LCD screen for complete information display
- Supports USB, SD/MMC cards, line-in and AUX-out function

ComX Computers
