

210-BWPM

Dell 210-BWPM Pro 24 E2426HS 23.8" IPS Full HD 1920x1080 Monitor, DP, HDMI, VGA

Product Overview

Dell 210-BWPM Pro 24 E2426HS 23.8" IPS Full HD 1920x1080 Monitor, 8ms GTG response time, 16:9 Aspect Ratio, 178 degree viewing angle, 130 mm Maximum adjustable height, Tilt, Swivel, Pivot, 1920x1080 at 120Hz maximum Resolution, 16.7 million colours support, 1000:1 Native contrast ratio, 300 nits brightness, 72% NTSC Colour Gamut, 2x 2 W Speaker Output Power, 1x HDMI Port, 1x DisplayPort 1.4, 1x VGA Port, 100x100 mm VESA Mount Standard

Specifications

Overview Summary:

The Dell Pro 24 E2426HS is a 23.8-inch Full HD IPS monitor built for comfortable everyday productivity. Its 120Hz refresh rate, adjustable stand, integrated speakers and wide viewing angles make it a practical choice for modern workspaces.

With HDMI, DisplayPort and VGA connectivity, the E2426HS easily connects to current and legacy systems. Buy now for a versatile Dell monitor that supports office work, home use and multitasking, or shop now to upgrade your workspace.

Performance tier:Mid-range productivity

Uses:Office work, home office, business computing, multitasking, web browsing, document editing, video viewing

Overview:

Dell Pro 24 E2426HS 23.8 Inch Full HD IPS Monitor with Speakers

The Dell Pro 24 E2426HS is a 23.8-inch Full HD IPS monitor designed to provide a comfortable and productive viewing experience for everyday office work, business applications and general home computing. With a 1920x1080 resolution, 120Hz refresh rate, 300 nits brightness and 72% NTSC colour coverage, it delivers smooth motion and clear, consistent images. The height-adjustable stand also supports tilt, swivel and pivot adjustment, making it easy to position the screen for a comfortable working setup.

Description:

The Dell E2426HS combines practical connectivity, ergonomic adjustment and built-in audio in a compact 23.8-inch display. Its IPS panel provides consistent colours across wide viewing angles, while the 120Hz refresh rate helps make scrolling, window movement and other on-screen motion noticeably smoother than a standard 60Hz display.

Designed with long working sessions in mind, the monitor includes hardware-based low blue light technology and is TUV Rheinland 3-Star certified for eye comfort. The display supports up to 16.7 million colours, with a 1000:1 native contrast ratio and 300 nits brightness for a clear picture in typical office and home environments.

The integrated dual 2W speakers provide convenient audio without requiring separate desktop speakers. An on-screen display joystick makes navigating monitor settings straightforward, while the slim bezel design keeps the display looking clean and modern.

Features:**Comfortable 23.8 Inch Full HD Display**

The 23.8-inch IPS panel provides a Full HD 1920x1080 resolution with a 16:9 aspect ratio. Its wide 178-degree viewing angle helps maintain consistent image quality when the screen is viewed from different positions, making it suitable for shared workspaces and dual-monitor setups.

The 120Hz refresh rate provides smoother movement and scrolling, which can make everyday applications feel more responsive. The monitor also supports up to 16.7 million displayable colours and 72% NTSC colour coverage for vibrant and consistent visuals.

Eye Comfort for Extended Work

The Dell Pro 24 E2426HS is designed to support comfortable viewing throughout the working day. Its hardware-based low blue light technology reduces blue light emissions while maintaining colour quality, helping make the display more suitable for prolonged office use.

The monitor is TUV Rheinland 3-Star certified for eye comfort and incorporates technology intended to reduce visual fatigue during extended screen use.

Flexible Ergonomic Stand

A fully adjustable stand allows the monitor to be positioned according to the user's preferred working position. The display can be adjusted for height, tilt, swivel and pivot, providing flexibility for different desks and seating arrangements.

- Height adjustment: Up to 130 mm
- Tilt: -5 to +21 degrees
- Swivel: -173 to +173 degrees
- Pivot: Bi-directional up to 90 degrees
- VESA mounting: 100x100 mm

Built-in cable management helps keep cables organised around the desk, while the VESA-compatible design provides additional mounting options where required.

HDMI, DisplayPort and VGA Connectivity

The Dell E2426HS supports a combination of modern and legacy video connections, making it suitable for a wide range of desktop PCs, laptops and business systems.

- 1x DisplayPort 1.4 with HDCP 1.4, supporting up to 1920x1080 at 120Hz
- 1x HDMI 1.4 with HDCP 1.4, supporting up to 1920x1080 at 120Hz
- 1x VGA, supporting up to 1920x1080 at 60Hz
- Built-in dual 2W speakers
- Security lock slot
- Power connector
- Stand lock

Both a 1.8 m DisplayPort cable and 1.8 m HDMI cable are included, along with the power cable, making it easier to connect the monitor to compatible equipment.

Built-In Speakers for Everyday Audio

Two integrated 2W speakers provide a convenient audio solution for notifications, online meetings, videos and other everyday content. This can help reduce desktop clutter by removing the need for separate speakers when basic audio output is sufficient.

Dell Display and Peripheral Manager

Dell Display and Peripheral Manager provides additional tools for managing and customising a compatible Dell workspace.

ComX Computers

Product Specification Sheet

Easy Arrange allows applications to be positioned within predefined screen layouts, while Easy Arrange Memory can save and restore application profiles.

Brightness and contrast settings can also be customised to suit different working conditions and schedules. For business environments, the Dell Device Management Console provides centralised management capabilities for compatible Dell peripherals.

Modern Space-Saving Design

The thin bezel design provides a clean appearance and helps maximise the visible screen area without adding unnecessary bulk. The adjustable stand allows the monitor to be positioned comfortably while keeping the workspace organised.

With its combination of IPS technology, Full HD resolution, 120Hz refresh rate, integrated speakers and versatile connectivity, the Dell Pro 24 E2426HS is well suited to office desktops, reception areas, education environments, home offices and general productivity.

Sustainability and Environmental Design

The Dell E2426HS incorporates recycled materials as part of its design. Depending on the component, the monitor uses post-consumer recycled plastic, recycled steel and recycled glass.

It is ENERGY STAR certified, registered EPEAT Gold with Climate+, and carries TCO Certification and TCO Certified Edge. The packaging is also designed around recycled or renewable materials to reduce its environmental impact.

Key Display Details

- Screen size: 23.8 inches
- Panel type: IPS
- Resolution: 1920x1080 Full HD
- Maximum refresh rate: 120Hz
- Response time: 8ms GTG
- Aspect ratio: 16:9
- Viewing angle: 178 degrees
- Brightness: 300 nits
- Native contrast ratio: 1000:1
- Colour support: 16.7 million colours
- Colour gamut: 72% NTSC

Dimensions and Weight

The monitor has a practical footprint for office and home desks while retaining a height-adjustable stand.

- Monitor width: 538.64 mm
- Monitor height without stand: 315.56 mm
- Monitor depth: 55.85 mm
- Height with stand extended: 485.89 mm
- Height with stand compressed: 355.89 mm
- Stand width: 257.02 mm
- Stand depth: 211.60 mm
- Stand height extended: 400.04 mm
- Stand height compressed: 348.07 mm
- Weight with stand and cables: 4.19 kg
- Weight without stand and cables: 2.45 kg

The Dell Pro 24 E2426HS is a practical choice for users looking for a Full HD IPS monitor with a 120Hz refresh rate,

ergonomic adjustment, integrated speakers and flexible video connectivity. The Dell part number / SKU for this model is MNDE210-BWPM, making it easy to identify when ordering or matching the monitor with a specific system.
