Specifications

Overview:

The sleek and compact HISENSE DLED 32A4K is a 31.5-inch HD LED TV in black, providing outstanding quality without compromising on style. With a resolution of 1366 x 768 pixels, it delivers sharp, vibrant images with stunning detail and colors that truly stand out. Thanks to its DLED (Direct LED) technology, the backlight is evenly distributed across the screen, resulting in enhanced contrast and deeper blacks. But the HISENSE LED 32A4K is not just a TV; it also offers TV-Audio capabilities, allowing you to connect your audio system for a more immersive audio experience. Additionally, the built-in speakers deliver clear and powerful sound, further enhancing your viewing pleasure.

Features:

A pitch-Black Picture from Edge to Edge

In contrast to more common edge-lit LED screens, Direct Full Array distributes the light evenly across the screen for even and steady blacks.

The layers define the Story

A more dramatic viewing experience, with a well-defined sense of distance. With AI adaptive depth, now you can see a windy road that leads up to a crisp, snow-covered mountain with clearly-defined ridges and peaks.

See the Content in dazzling Details

Whether you want to catch up on the latest content or simply enjoy some time with your favourite immersive games, this TV delivers original content with better detail in the shadows and brighter highlights.

Stunning Entertainment Experiences Deserve Immersive TV Audio

DTS Virtual: X technology TV speakers brings entertainment alive by delivery enhanced tv sound and an immersive home theatre experience. The result? Sound appears to merge from all around you, without the need for a multi-speaker setup. You'll recognize richer bass, notice clearer dialog, and be amazed how it transforms your experience when watching movies,

listening to music and playing games. All from just you're TV.

Stadium-level Enjoyment-Right in Your Home

AI Sports Mode enables the best picture and audio quality for the smoothest ever viewing experience. The stadium looks never before greener. As the player holds breath to get ready for an important goal, the eyebrow-frowning, mouth-trembling, all the trivial expressions can't be seen clear. The commentator's enthusiastic commentary speaks clear, the players; celebratory shouts as they score, audiences' screaming and cheering at a perfect goal. The immersive, wrap round sound pushes the ex-patience of watching a match to the very limit.

Specifications:

- Product code: 32A4K
- Description: Hisense 32 inch A4K Series LED HD Ready Vidaa Smart TV
- Description: 80cm (32") Direct LED Television
- Specifications form version: HA220120
