Alienware AW725H Dark Side of the Moon Tri-Mode Wireless Gaming Headset

Product Overview

Alienware AW725H Dark Side of the Moon Tri-Mode Wireless Gaming Headset

Specifications

Overview

ComX Computers

Product Specification Sheet

Alienware Tri Mode Wireless Gaming Headset is built for long, comfortable gaming sessions and offers tactile audio precision with Dolby Atmos.

Features

- Microphone Noise Cancellation customisation
- Hybrid Active Noise Cancellation (ANC) customisation
- Battery Saver Mode customisation
- Side Tone customisation

Designed for comfort

Featuring a 45mm-wide headband and an easy-to-adjust sliding suspension, unlock your optimal fit.

Spacious. Breathable. Soft.

Boasting spacious ear cups and soft, memory foam pads covered in breathable fabric, long gaming sessions are a breeze.

Immersive gaming audio

Equipped with Dolby Atmos(RegTM), a technology capable of creating a three-dimensional audio environment, so you can play with precision.

Personalise your lighting

AlienFX syncs with Alienware Command Center to provide a customisable array of RGB lighting.

Hear every detail

40mm Hi-Res Certified Drivers deliver a wider range of frequencies, ensuring you'll catch every footstep crisply and clearly.

Communicate clearly

A retractable mic with AI noise cancellation removes background noise to keep your conversation loud and clear.

Precise audio tuning

On-headset balance control allows you to flexibly tune your chat and in-game audio without leaving the game.

Tri-mode connectivity

Experience lag-free audio when you connect to your PC via our 2.4GHz USB-C wireless dongle, plugged-in to compatible gaming consoles with the 3.5mm jack or connect wirelessly to any Bluetooth(RegTM) enabled device.

Tactile controls

Make easy in-game adjustments with on-headset controls for volume, mic mute and on/off.

Impressive battery life

Get in the zone and stay there for up to 55 hours via Bluetooth(RegTM) or up to 30 hours via 2.4GHz USB-C wireless dongle with RGB on. When power runs low, jump back in quickly with USB-C capabilities that provide up to 6 hours of play after a 15-minute fast charge.
