Goobay High Speed HDMI 3m Flat Cable with Ethernet

Product Overview

Goobay High Speed HDMI 3m Flat Cable with Ethernet

Specifications

About this product

The **Goobay High Speed HDMI 3m Flat Cable with Ethernet** delivers reliable high definition video and audio connectivity with a flat, flexible design and built in Ethernet support for network capable devices. Supporting up to 4K Ultra HD at 60 Hz with ARC and eARC audio return features, this cable is ideal for TVs, monitors, gaming consoles and streaming devices. Shop now and save on enhanced entertainment wiring.

Overview Summary

The Goobay High Speed HDMI 3m Flat Cable With Ethernet is a quality HDMI connection solution designed for reliable, high performance transmission of video and audio signals in home entertainment and professional AV setups in South Africa. Its slim, flat cable design ensures easy routing behind furniture or through tight spaces, while gold plated HDMI connectors improve durability and signal integrity.

This HDMI cable supports stunning 4K Ultra HD resolution at 60 Hz, backward compatible with lower resolutions, making it suitable for modern TVs, projectors, gaming consoles and streaming devices such as PlayStation, Xbox or Apple TV. The

integrated Ethernet channel enables network sharing between compatible HDMI devices, reducing the need for additional network cables and simplifying installations. Buy for quick delivery and seamless media connectivity.

Performance tier:High Speed HDMI 18 Gbit/s

Uses:4K video transmission, audio return channel, game consoles, smart TV connections, streaming devices, projector link ups

Description

The Goobay High Speed HDMI 3m Flat Cable With Ethernet combines high definition digital video and multi channel audio transmission with a slim and easy to route flat cable design. This cable supports Ultra HD 4K at 60 Hz, delivering crisp and detailed video that enhances movie watching, gaming and professional displays. The embedded Ethernet channel (HEC) lets compatible devices share a network connection over HDMI, reducing cable clutter in your setup. Gold plated HDMI connectors improve corrosion resistance and ensure stable data transfer, while support for ARC and eARC simplifies audio connectivity between modern TVs and sound systems.

Features

- High Speed HDMI cable with built in Ethernet channel for network sharing over HDMI.
- Supports up to 4K Ultra HD resolution at 60 Hz for detailed video playback.
- Flat cable design allows easy installation behind walls, under carpets or through tight spaces.
- Gold plated HDMI connectors help prevent corrosion and maintain signal quality.
- Supports advanced audio features such as Audio Return Channel (ARC) and Enhanced Audio Return Channel (eARC).
- Compatible with a wide range of HDMI devices including TVs, monitors, consoles and streaming boxes.

- Connector type: HDMI male (Type A) to HDMI male (Type A)
- Supported resolution: Up to 4K Ultra HD 3840 x 2160 at 60 Hz
- Max transmission rate: 18 Gbit/s
- Supported video standards: HDR, 3D, HDCP 2.2, Consumer Electronics Control (CEC)
- Supported audio standards: ARC, eARC
- Contact material: Gold plated
- Cable design: Flat cable, shielded with aluminium foil
- Version: HDMI 2.0 High Speed with Ethernet
- Color: Black

FAQ

What devices can I connect with this HDMI cable?

This HDMI cable supports connection between modern TVs, monitors, gaming consoles like PlayStation or Xbox, streaming devices such as Apple TV or Fire TV, and other HDMI enabled equipment for video and audio transmission. This cable allows high definition streaming up to 4K resolution while also supplying audio return features such as ARC and eARC.

Does the Ethernet channel in the HDMI cable replace my internet cable?

ComX Computers

Product Specification Sheet

The integrated Ethernet channel can carry network data between HDMI enabled devices that support HEC, letting compatible devices share an internet connection over the HDMI link, reducing the need for a separate ethernet cable in some setups.

Will this cable support HDR video formats?

Yes, this Goobay High Speed HDMI cable supports High Dynamic Range (HDR) video standards for greater contrast and richer colour when connected to compatible TVs and source devices.

Is a flat HDMI cable better than a round one?

A flat HDMI cable is easier to route in tight spaces, behind furniture or along walls compared to round cables, while still delivering full high definition video and audio performance up to 4K at 60 Hz..
