AI Sports Mode

AI Sports Mode enhances your viewing experience by automatically optimizing picture and sound settings for live sports events. Powered by advanced artificial intelligence, this feature adjusts motion clarity, color vibrancy, and audio dynamics to deliver the thrill of the game right to your living room. Whether you're watching football, rugby, or any other sport, AI Sports Mode ensures you never miss a moment, providing an immersive and lifelike experience that makes you feel like you're right in the stadium.

Dolby Atmos

Immerse yourself in sound like never before with Dolby Atmos. This audio technology creates a 3D sound space, making you feel like you're in the middle of the action. Every whisper, explosion, and musical note comes to life with incredible clarity.

Dolby Vision

Dolby Vision takes your viewing experience to a new level with superior brightness, contrast, and color. It's the same technology used by filmmakers, bringing a stunning, dynamic picture that's closer to the director's original vision.

Filmmaker Mode

Filmmaker Mode preserves the original look and feel of movies as intended by the director. With accurate colors, aspect ratios, and frame rates, you'll experience films just as they were meant to be seen.

Quantum Dot Colour

Quantum Dot Colour technology enhances color accuracy and brightness, bringing a wider spectrum of colors to your screen. This technology allows for more vibrant, lifelike colors, making every scene more immersive and realistic.

Vidaa

Vidaa is Hisense's smart TV operating system, designed for simplicity and speed. It offers an easy-to-navigate interface with quick access to your favorite apps, channels, and streaming services, all in one place.

Voice Control

Control your TV effortlessly with voice commands. Change channels, search for content, adjust the volume, and more-without lifting a finger. Hisense's Voice Control feature puts the power in your voice.
