

65P725

TVR P725 65" 4K HDR Dolby Vision Google Hands-free TV *TV license*

Product Overview

TVR P725 65" 4K HDR Dolby Vision Google Hands-free TV *TV license required*

Specifications

Features:

Android TV 11

Enhance your entertainment with the latest version of Android TV - featuring speed and security upgrades. Access 7,000+ Apps and 700,000+ shows / movies in one place*. Enjoy TV, music, movies, games, and more - personalized content recommendations can be easily accessed, plus download more favourites via the Google Play Store. In addition, Chromecast enables effortless mirroring of photos, videos, and music directly from your devices.

AiPQ Engine

A new quad-core 1.3 GHz processor is built to enhance the entertainment, optimizing overall hardware and software performance. A chipset enabled TCL algorithm processes content in real time, detecting environment and upscaling display and audio. Picture is optimized according to content; so oceans appear bluer, and rainforests more lush. Meanwhile audio quality is compensated dynamically based on volume; eliminating distortion of signal and speakers, and providing a more authentic listening experience at any sound level.

MEMC

MEMC (Motion Estimation & Motion Compensation) makes picture processing silky smooth, thanks to an intelligent chip-supported algorithm - adding an extra frame during action to deliver 60-fps display. Fast-moving, energy-packed scenes look crisper, with no blurring or juddering. When the action gets intense, so does your display.

Dolby Vision

Dolby Vision HDR is a powerful cinematic technology that displays Dolby contents with powerful imaging - incredible brightness, contrast, color, detail, and depth bring entertainment to life before your eyes.

Dolby Atmos

Experience movies, shows, and games like never before. Dolby Atmos unlocks multi-dimensional audio. Breaking through traditional channel restrictions, individual sound sources flow with the moving objects on screen. Filling the room, immersing the audience, Dolby Atmos deliver superior sound with incredible clarity and greater emotion.

Product Specification Sheet

Hands-Free Voice Control 2.0

Powered by Google Assistant, Hands-Free Voice Control frees you from the remote control. Switch channels, set reminders, and explore streaming services via simple voice commands. Enjoy streamlined performance and quicker processing via an upgraded version 2.0.

Google Assistant Built-in

TCL Android TV with Google Assistant caters for a more customized, smarter viewing experience. Easily access blockbuster movies, streaming apps, or enjoy multiplayer games. Plus, dim the lights and control other smart home devices with Google Home enabled products.

Smarter TV

Rethink what your TV can do. P725 is built for better entertainment and more interactive functionality. Cast content effortlessly with screen mirroring from mobile devices, and stream from your phone with TCL's MagiConnect*. Enjoy online gaming in the Game Center; set Reminders for family on the screen; switch between content on Quick Panel, and display albums with Google Photos through TV Gallery.

Dual-Band Wi-Fi + HDMI 2.1

Stream faster, further, and more stably with 2.4G + 5G dual-band supported Wi-Fi. HDMI 2.1 supports higher video resolutions and faster refresh rates, with greater transmission speed and capacity - taking TV and gaming to the next level.

Premium Design

Enjoy pure TV, with less distractions. A millimetres-thin stylish trim delivers a broader and wider sense for entertainment. An integrated build protects against moisture and dust, while an innovative rear pyramid design provides added armour. Available in multiple sizes to make your entertainment centrepiece just right.
