Port Connect USB-C Office 11 Port Docking Station

Product Overview

Port Connect USB-C Office 11 Port Docking Station, Triple 4K Display support via two DisplayPort 1.4++ and one HDMI 2.0 Ports, Connects up to 11 peripherals through a single USB Type-C Host Connector, Delivers up to 100W USB-C Power Delivery to the Host Laptop, Transfer Data at speeds up to 10 Gbps on USB Type-A and USB-C Ports, 2x USB Type-A 3.1 Gen 2, 2x USB-C 3.1 Gen 2 Ports with fast-charge support, Provides Gigabit Ethernet connectivity via RJ45 Port, Features a 3.5 mm Combo Audio jack for Headset and Microphone, Integrated Security slot supports physical device protection

Specifications

Overview Summary:

Upgrade your South African workspace with the PORT Office Docking Station, engineered for professionals who demand seamless connectivity. This compact black hub transforms a single USB-C cable into a command center featuring 11 ports, enabling you to drive up to three stunning 4K displays while charging your laptop at full speed.

Designed for efficiency and ease of use, this plug-and-play solution supports Windows, macOS, and ChromeOS without requiring any drivers. Securely connect peripherals, enjoy stable Gigabit Ethernet networking, or manage audio with the combo jack, all while keeping your desk clutter-free. Buy now to unlock your laptop's full potential with reliable, high-performance hardware.

Performance tier:High-End Professional

Uses:Multi-monitor video editing, financial data analysis, software development, office productivity, hybrid work setups

Overview:

The PORT Connect USB-C Office Docking Station transforms a single cable connection into a fully equipped workstation. Designed for demanding professionals, this black docking station (Part Number 901910V2EU) supports three simultaneous 4K displays, delivers up to 100W of power to your laptop, and provides eleven total ports including USB-C, USB-A, HDMI, DisplayPort, Ethernet, and audio. It eliminates the need for multiple adapters or a separate power brick, offering a clean, efficient setup compatible with Windows, macOS, and ChromeOS.

Description:

Elevate your productivity by unlocking the full potential of your laptop through one secure cable connection. This docking station is engineered to keep your desk clutter-free while providing access to essential video outputs, high-speed data transfer capabilities, wired networking, audio inputs, and power delivery all from a compact unit. Whether you are working in a hybrid environment or a dedicated office space, the seamless integration with Windows, macOS, and ChromeOS ensures that you can focus on your work without connectivity interruptions.

Tired of constantly switching between windows on a single screen The PORT Connect docking station supports up to three simultaneous 4K displays using DisplayPort Multi-Stream Transport technology. With your laptop connected, you can drive two additional external screens in stunning 4K resolution. If you disconnect the laptop, you can use the dock in standalone mode to extend across three 4K displays, making it an ideal solution for developers, analysts, and creatives who rely on multiple active

windows throughout the day.

The docking station delivers up to 100W of USB-C Power Delivery directly to your laptop, ensuring your battery stays charged throughout the workday without a separate power brick. For peripherals, the two USB-A 3.1 Gen 2 ports and two USB-C 3.1 Gen 2 ports each support transfer speeds up to 10 Gbps with fast-charge support compatible with BC 1.2 standards. Two additional USB-A 2.0 ports handle standard accessories, ensuring nothing gets left behind while maintaining rapid data throughput.

Built for professional environments, the unit includes an ON/OFF power button that enables intelligent energy management to reduce consumption when not in use. An integrated security slot protects your setup in shared or open-plan workspaces. For IT administrators, the dock supports PXE Boot and Wake-on-LAN for remote device management. The included 1 m USB-C cable features a screw-lock connector for a secure, rattle-free connection, while the bundled vertical foot stand keeps the dock upright on your desk to save surface space.

Features:

Key Features:

- Connect up to 11 peripherals through a single USB-C cable for a tidy and efficient desk setup
- Drive three simultaneous 4K displays with two DisplayPort outputs and one HDMI output using MST technology
- Charge your laptop at up to 100W via USB-C Power Delivery while powering all connected devices
- Transfer data at speeds of up to 10 Gbps on high-speed ports with BC 1.2 fast-charge support
- Compatible with Windows, macOS, and ChromeOS for plug-and-play setup without drivers

Technical Specifications:

The PORT Connect USB-C Office Docking Station (Part Number 901910V2EU) combines performance with a compact design. Weighing just 402g, it measures 19 cm in length, 8.5 cm in width, and 2.7 cm in height, making it easy to fit on any desk. The unit features a USB Type-C host connector and supports up to three 4K displays at maximum output. It includes a Gigabit Ethernet port for stable wired networking and a combo audio jack for headsets.

- Brand: PORT Connect
- Colour: Black
- Total Ports: 11 including video, data, network, and audio connections
- Video Outputs: Two DisplayPort 1.4++ ports and one HDMI 2.0 port
- Data Ports: Two USB-A 3.1 Gen 2 (10 Gbps) and two USB-C 3.1 Gen 2 (10 Gbps)
- Standard Ports: Two USB-A 2.0 ports for legacy devices
- Network: One RJ45 Gigabit Ethernet port
- Audio: One 3.5 mm combo jack for audio and microphone

What's in the Box

- 1 x PORT Connect USB-C 3X4K Office Docking Station
- 1 x 1 m USB-C to USB-C screw-lock cable
- 1 x 1.8 m AC power cable
- 1 x 2 m DC power cable
- 1 x Foot for upright positioning
- 1 x User guide

Choose PORT Connect for hubs and docking stations with clearly documented capabilities, making it easier to select the right fit with confidence. This solution ensures a secure, smart, and space-saving workstation for professionals who need reliable connectivity.

Specifications	
Product Code	901910V2EU
Brand	PORT Connect
Colour	Black
Product Weight	402g
Product Dimensions (L x W x H)	19 x 8.5 x 2.7 cm
Host Connector	USB Type-C
Total Ports	11
Port Selection	2x DisplayPort 1.4++
	1x HDMI 2.0,2x USB-A 3.1 Gen 2 (10Gbps
	BC 1.2 & Apple charge)
	2x USB-C 3.1 Gen 2 (10Gbps, BC 1.2)
	2x USB-A 2.0,1x RJ45 Gigabit Ethernet
	1x Combo Jack 3.5mm (audio + mic)
Max Display Output	3x 4K
Power Delivery to Host	100 W
Ethernet Speed	Gigabit (1Gbps)

FAQ

How many external monitors can this docking station support?

The PORT Connect USB-C Office Docking Station supports up to three simultaneous 4K displays using MST technology. With your laptop connected, you can drive two additional 4K screens, or disconnect the laptop to run all three in standalone mode via DisplayPort and HDMI outputs.

Does this dock provide enough power for my laptop?

Yes, the docking station delivers up to 100W of USB-C Power Delivery to your host device, allowing you to charge your laptop while using connected peripherals without needing a separate power brick.

What operating systems are compatible with this unit?

This is a plug-and-play solution that requires no drivers and works seamlessly with Windows, macOS, and ChromeOS environments.

Does the package include all necessary cables for setup?

The box includes a 1 m USB-C to USB-C screw-lock cable to connect to your laptop, along with a 1.8 m AC cable and a 2 m DC cable to power the unit itself.

Is there a way to secure this docking station in an office environment?

The dock features an integrated security slot for physical protection in shared workspaces, as well as support for PXE Boot and Wake-on-LAN for IT administrators managing remote devices.
