This aluminium cable duct hides and secures multiple cables along walls and skirtings for a neat, professional result. Buy this cable duct from our online store today for easy installation and improved cable routing in South Africa.

Overview Summary

Product:Goobay 90723 Black Half-Round Aluminium 33mm 1.1m Cable Duct

The Goobay 90723 Black Half-Round Aluminium 33mm 1.1m Cable Duct is a hardwearing and stylish solution for managing and concealing electrical and data cables in residential or commercial spaces. Its half-round aluminium body provides a robust housing that minimises visible wiring clutter along floors, skirtings, or walls, helping to improve safety and aesthetics in any room. Featuring a 33mm width and 1.1m length, this duct accommodates a range of cables from power leads to TV and network cables, and offers easy installation with pre-punched mounting holes and adjustable length to suit your installation needs. Buy for quick delivery in South Africa and enjoy a cleaner, organised cable setup.

Performance tier:Essential cable management solution

Uses:cable organisation, cable protection, wire concealment, office installation, home networking

Description

The Goobay 90723 Black Half-Round Aluminium 33mm 1.1m Cable Duct is built from high quality aluminium to provide a rigid and long lasting cable management channel that conceals and protects power, TV, charging and data cables. Its half-round profile and smooth black finish blend into modern interiors while keeping cables neatly organised and out of sight. Installation is straightforward thanks to pre-punched holes and included fixings, allowing secure attachment to skirting boards or walls. The 33mm internal width offers ample space for multiple cables, while the 1.1m length can be trimmed to fit specific layout requirements. Ideal for both residential and commercial applications, this duct enhances safety by reducing trip hazards and

protecting wires from pets and foot traffic. The durable aluminium construction resists wear over time, making it a reliable part of your cable management setup.

Features

Explore the practical benefits of the Goobay 90723 cable duct:

- Durable aluminium construction for long lasting cable protection and support.
- Half-round design hides and organises multiple cables for a neat appearance.
- 33mm internal width accommodates various types of cables including power and data leads.

FAQ

What is the Goobay 90723 cable duct used for?

The Goobay 90723 cable duct is designed to organise and protect several types of cables by concealing them along walls, skirtings or other surfaces, reducing clutter and potential damage.

Can I cut the cable duct to fit my space?

Yes, the 1.1m aluminium duct can be cut with common tools to match your required installation length without affecting its functionality.

Does this product include mounting accessories?

Yes, the cable duct comes with screws and dowels included so you can mount it easily to walls, skirtings or other surfaces.

Is this cable duct suitable for power and data cables?

The 33mm internal width is suitable for organising power, TV, charging, and data cables in domestic or office environments, helping keep them neat and out of the way.

What material is the duct made from?

ComX Computers

Product Specification Sheet

This cable duct is made from durable aluminium which provides strength and long term protection for cables against wear and external damage.
