Specifications

About this product

The Logitech M100 Black USB Mouse is a full-size wired optical mouse with 1000 DPI tracking, 3-button control, smooth line-by-line scrolling and an ambidextrous design for comfortable everyday use with either hand. The 1.8 m USB cable provides a simple plug-and-play connection without batteries, making it a practical choice for home, office, school and general computer use. Buy the Logitech M100 USB Mouse from our website for dependable everyday computer control.

Overview Summary

Logitech M100 Black USB Optical Mouse is designed for straightforward and reliable everyday computer navigation. Its 1000 DPI optical tracking provides responsive cursor control, while the 3-button layout combines left click, right click and middle click with an optical scroll wheel for line-by-line navigation.

The full-size ambidextrous design supports left-handed and right-handed users, while the 1.8 m USB cable provides a direct wired connection to a compatible computer. Plug-and-play operation makes the M100 suitable for desktops, laptops and

shared workstations without requiring batteries or additional setup.

Performance tier:Entry-level productivity

Uses:Office work, home computing, school work, web browsing, document navigation, spreadsheets, shared workstations

Overview

M100 Corded the full-size, ambidextrous mouse that's simple and ready to tackle your demands. Just plug in the cable via the USB port, and you're on-track with a mouse that simply works.

Description

The Logitech M100 Black USB Mouse provides simple, dependable control for everyday computing. Its optical tracking technology operates at a nominal 1000 DPI resolution for responsive cursor movement, making it suitable for common tasks such as browsing websites, working with documents, managing spreadsheets and navigating desktop applications.

The full-size ambidextrous design is suitable for both left-handed and right-handed users. Three buttons provide left click, right click and middle click functionality, while the optical scroll wheel supports smooth line-by-line navigation through documents and webpages.

The wired USB-A connection provides a direct connection to a compatible computer and eliminates the need for batteries or wireless pairing. With a 1.8 m cable, the M100 offers practical reach for desktop computer setups. It supports Windows 10 and later, macOS 10.5 and later, ChromeOS and Linux systems with a compatible USB port.

Features

The Logitech M100 combines essential mouse functions with a practical wired design for reliable everyday computer use.

- 1000 DPI optical tracking: Provides responsive cursor control for everyday computing tasks.
