Specifications

Overview:

Full HD 1080p webcam with light correction, auto-framing, and Show Mode. Bring your best self to every meeting. Brio 500 ensures that you always look and sound natural in meetings so you can connect more genuinely with others.

Features:

BRIO 500
Show up to every video call feeling confident, engaged, and authentic

PUT YOUR BEST SELF FORWARD
Feel confident in every hybrid meeting with a webcam that brings personality and ease to your office setup. Auto light correction and noise-reducing mics ensure you look and sound clear and natural in every meeting you join.

BE FULLY PRESENT
Join any business meeting feeling confident, engaged, and authentic with a webcam that lets you be your best self.

Auto-Framing
Brio 500 RightLight 4 automatically adjusts to your environment so you appear well-lit even in poor lighting conditions.

The blurred image background can be created by most video meeting platforms.
This feature requires users to download and use Logi Tune. Logi Tune not available for Chrome OS. This feature requires users to download and use Logi Tune. Logi Tune not available for Chrome OS.

LIFT YOUR VOICE
Be sure your colleagues hear what you have to say, even when youre without your headset or earbuds. Noise-reducing mics filter out background sound and enhance your voice so you're heard clearly and not the noise around you.

SHOW YOUR WORK
Use the innovative new Show Mode to tilt the camera down and present sketches, work in progress, and other objects on your desk. The included mount features a micro-suction pad that secures the webcam to the back of your monitor, allowing you to make quick adjustments with one hand. Download Logi Tune for free to enable Show Mode.

MADE FOR MEETINGS
Easily join a meeting using your preferred video meeting app. Brio 500 is compatible with most meeting and calling platforms and is certified for use withMicrosoft Teams,Google Meet,Zoom.

INSTANT PRIVACY
Rotate the integrated privacy shutter to completely block the camera when you dont wish to be seen. Designed to protect your privacy. Engineered for easy operation.

EVEN BETTER WITH LOGI TUNE
Download the free Logi Tune Logi Tune not available for Chrome OS. app for additional features that allow you to adjust the webcam to your preferences. Change the field of view. Mute the microphone. Adjust color and image resolution. Take advantage of auto-framing RightSight currently available only for Windows, digital zoom, and automatic firmware updates.

OPTIMUM GEAR ECOSYSTEM
Logitech G HUB software gives you a single portal for optimizing and customizing all your supported Logitech G gear: mice, keyboards, headsets, speakers, and webcams.

SUSTAINABILITY AT LOGITECH
Logitech is committed to creating a more sustainable world. We are actively working to minimize our environmental footprint and accelerate the pace of social change.

MADE WITH RECYCLED PLASTIC
The plastic parts in Brio 500 include certified post consumer recycled plastic - 68% for graphite, 54% for off-white, rose - to give a second life to end-of-life plastic from old consumers electronics and help reduce our carbon footprint excluding accessories and packaging. Measured by weight.

RESPONSIBLE PACKAGING
The paper packaging for Brio 500 comes from FSC-certified forests and other controlled sources. By choosing this product, you are supporting responsible management of the worlds forests.

CARBON NEUTRAL
Brio 500 is certified carbon neutral. This means the carbon impact of the product and packaging has been reduced to zero due to Logitech investment in carbon-offsetting and removal projects.

MAKE YOUR WORKSPACE YOUR OWN
Create your happy place with a workspace that fits your personality and taste. The stylish Brio 500 webcam joins a family of other thoughtfully designed Logitech peripherals, including the Zone Vibe 100 wireless headphones, K380 Multi-Device keyboard and M350 Pebble Mouse.

NOTE: The auto-framing feature requires users to download and use Logi Tune. Logi Tune is not available forChrome OS.
