Logitech Brio 100 2MP Full HD 1920x1080 Webcam - Graphite

Product Overview

Logitech Brio 100 2MP Full HD 1920x1080 Webcam - Graphite, 1080p @ 30fps, Fixed focus, Omni-Directional Microphone, Integrated Privacy shutter, USB connectivity, 960-001585

Specifications

Overview Summary:

The Logitech Brio 100 Full HD webcam delivers high-quality video calls with crisp 1080p resolution, even in low-light environments. Featuring RightLight technology, it automatically adjusts the brightness for clearer visuals, while the integrated privacy shutter ensures peace of mind when you're not using the camera. Its built-in microphone captures clear sound, and it's compatible with popular video conferencing platforms like Microsoft Teams, Google Meet, and Zoom. This webcam is ideal for both professional meetings and staying connected with friends and family. Buy now and upgrade your video conferencing experience today!

Performance tier: Entry-level

Uses: Video calls, remote work, online meetings, streaming, study sessions

Overview:

Logitech Brio 100 2MP Full HD Webcam - Graphite (960-001585)
The Logitech Brio 100 is a high-quality Full HD webcam designed to enhance your video conferencing experience. With impressive features such as auto-light balance, an integrated privacy shutter, and a built-in microphone, this webcam offers everything you need for clear and secure online communication.

Description:

The Logitech Brio 100 is crafted to deliver crisp, professional-quality video calls with its 1080p HD resolution and auto-light correction. It ensures your face is well-lit and clear, even in dim conditions, with a brightness boost of up to 50% compared to previous models. The integrated privacy shutter gives you full control over your video presence, while the built-in microphone ensures you are heard clearly during calls. Compatible with major video conferencing platforms like Microsoft Teams, Google Meet, and Zoom, this webcam is the perfect solution for remote work or online meetings.

Features:

Enhanced Video Quality for Clearer Communication
With Full HD 1080p resolution, the Logitech Brio 100 provides excellent clarity for video calls, allowing you to communicate with confidence. Whether you are presenting in a meeting or catching up with colleagues, the high-definition video ensures you look your best.

Auto-Light Balance for Improved Visibility
The Brio 100 features RightLight technology, which automatically adjusts to your lighting environment. This makes you appear up to 50% brighter, even in low-light settings, while reducing shadows on your face. This lighting enhancement helps create a more professional and polished look, regardless of your surroundings.

Built-in Privacy Shutter for Peace of Mind
Your privacy is important, and the Brio 100 offers a thoughtful solution with its integrated privacy shutter. Simply slide the shutter when you're done with your video calls to ensure that your webcam remains off, giving you peace of mind when not in use.

Clear Sound with Built-in Microphone
The Brio 100's built-in microphone ensures that your voice comes through clearly, without the need for additional external equipment. This convenient feature allows for an effortless setup and ensures you can communicate with clarity during your calls.

Plug-and-Play Compatibility with Major Platforms
Setting up the Brio 100 is simple and hassle-free. It is compatible with most popular video calling platforms like Microsoft Teams, Google Meet, and Zoom. Additionally, it supports all major operating systems, including Windows, macOS, and ChromeOS, so you can start your video call right away without complex installations.

Trusted Quality from Logitech
Logitech is a recognized leader in webcam technology, with years of experience in designing high-quality products. The Brio 100 reflects their commitment to innovation and durability, ensuring long-lasting performance and reliability for all your video communication needs.

Stylish Design to Match Your Workspace
The Brio 100 is available in sleek, modern colors that blend well with your workspace. Its minimalist design ensures that it looks great on your desk, while still offering all the functionality you need for productive video calls.

Customizable Visual Settings with Logi Options+ App
For those who want to fine-tune their video appearance, the Brio 100 is compatible with the Logi Options+ app. This

easy-to-use software allows you to adjust visual settings to ensure you always look your best during video calls.

Key Benefits:

- Full HD 1080p video for crystal-clear calls
- RightLight technology for improved brightness in any lighting
- Integrated privacy shutter for added security
- Built-in microphone for clear audio
- Compatible with major platforms like Microsoft Teams, Zoom, and Google Meet
- Easy setup with plug-and-play functionality across Windows, macOS, and ChromeOS
- Customizable settings via Logi Options+ app

Whether for work, study, or connecting with loved ones, the Logitech Brio 100 webcam provides the clarity, privacy, and reliability you need to enhance your video conferencing experience.
