Astrum CL210 Laptop Charger For Asus 65W 19V 3.42A

Product Overview

Astrum CL210 Laptop Charger For Asus 65W 19V 3.42A; 3.0 x 1.0mm connector; Smart IC; OVP; OCP; SCP; 100-240V AC; flame retardant V-0 material; 108 x 46 x 31mm; 210g

Specifications

About this product

The Astrum CL210 Laptop Charger for Asus delivers a reliable 65W power output with 19V and 3.42A charging performance for compatible Asus laptops using a 3.0 x 1.0mm DC connector. Featuring Smart IC technology, built-in OVP, OCP and SCP protection, and a compact portable design, it is an excellent replacement or spare charger for home, office or travel. Buy online today for quick delivery in South Africa.

Overview Summary

Astrum CL210 65W Laptop Charger for Asus - 19V 3.42A

The Astrum CL210 is a high quality replacement laptop charger designed for compatible Asus notebooks requiring a 19V 3.42A 65W power adapter with a 3.0 x 1.0mm connector. It delivers stable and efficient power for charging and everyday laptop operation while maintaining compatibility with supported Asus models.

Designed with flame retardant V-0 grade materials, Smart IC technology and multiple protection circuits, the charger helps protect your laptop against over voltage, over current and short circuit conditions. Its lightweight construction makes it easy to carry as a replacement or spare power adapter for work, home or travel.

Performance tier: Reliable everyday laptop power adapter

Uses: Replacement laptop charger, office use, home use, travel, spare power adapter, charging compatible Asus laptops

Overview

High Performance Charger with Fire proof plastic, Smart IC, Multi level protection. Full compatibility

Description

The Astrum CL210 has been designed to provide dependable power for compatible Asus laptops that require a 65W power adapter. Delivering a regulated 19V output at 3.42A, it supports both battery charging and normal laptop operation using the correct 3.0 x 1.0mm DC connector.

Smart IC technology automatically manages power delivery for compatible devices, while integrated protection against over voltage, over current and short circuit conditions helps improve charging safety. The charger is manufactured using flame retardant V-0 grade materials for added durability.

Its compact dimensions and lightweight construction make it suitable as a replacement for a damaged charger or as an additional adapter for use at home, in the office or while travelling.

Features

The Astrum CL210 combines reliable charging performance with multiple safety features for everyday laptop use.

- 65W power output for compatible Asus laptops
- 19V output voltage with 3.42A output current
- 3.0 x 1.0mm DC connector
- Smart IC technology for intelligent power management
- OVP over voltage protection
- OCP over current protection
- SCP short circuit protection
- Flame retardant V-0 grade housing
- Compact and lightweight design

- Suitable as a replacement or spare charger

High- Quality Materials
Constructed with flame retardant V-0 grade materials, ensuring durability and safety.

Comprehensive Protection
Equipped with OVP(Over Voltage Output Protection), OCP(Over Current Output Protection), and SCP (Short Circuit Output Protection) to safeguard your laptop against potential hazards.

Smart IC Technology
Integrates Smart IC technology that automatically recognizes and adjusts to the connected laptop's power requirements, optimizing performance and extending battery life.

Compact and Portable
Lightweight and portable design makes it easy to carry and use anywhere,ideal for home,office or travel.

Secure Connection
Features a 3.0 * 1.0mm pin size for a secure and stable connection to compatible ASUS laptops.

What's in the Box

- 1 x Astrum CL210 Laptop Charger for Asus 65W

Specifications

- Brand: Astrum
- Model: CL210
- SKU: A90521-B
- Compatibility: Compatible Asus laptops
- Input voltage: 100-240V AC
- Input frequency: 50-60Hz
- Output voltage: 19V DC
- Output current: 3.42A
- Maximum power output: 65W
- Connector size: 3.0 x 1.0mm
- Protection: OVP, OCP, SCP
- Material: Flame retardant V-0 grade
- Technology: Smart IC
- Dimensions: 108 x 46 x 31mm
- Weight: 210g

FAQ

Is the Astrum CL210 compatible with all Asus laptops?

The charger is compatible only with Asus laptops that require a 19V, 3.42A, 65W adapter with a 3.0 x 1.0mm DC connector.

Can this charger replace my original Asus power adapter?

Yes. It is designed as a replacement charger provided your laptop matches the required voltage, current, wattage and connector size.

Does the charger include safety protection?

Yes. It features over voltage protection, over current protection and short circuit protection for safer charging.

Can I use this charger as a spare for travel?

Yes. Its compact and lightweight design makes it suitable as an additional charger for travel, work or home use.

What input voltage does the charger support?

The charger supports 100-240V AC at 50-60Hz, making it suitable for use in most regions with the appropriate mains cable.
