Astrum CL760 90W Home Laptop Charger for Toshiba

Product Overview

Astrum CL760 Laptop Charger, 90W 19.0V 4.74A 5.5*2.5mm connector; AC 100-240V input; Smart IC control; fluctuation absorption; fire resistant housing; 132 x 57 x 31mm; 250g; Toshiba compatible

Specifications

About this product

The Astrum CL760 90W Laptop Charger is a reliable replacement AC power adapter designed for compatible Toshiba laptops. It delivers a stable 19.0V DC output at 4.74A through a 5.5 x 2.5mm barrel connector and features built-in Smart IC protection for safe and consistent charging. Ideal for home, office, or travel use, this high quality replacement charger helps keep your notebook powered throughout the day. Buy now from our website for quick delivery in South Africa.

Overview Summary

Astrum CL760 90W Laptop Charger for Toshiba 19.0V 4.74A 5.5 x 2.5mm

The Astrum CL760 is a dependable replacement laptop charger designed for compatible Toshiba notebook computers requiring a 19.0V DC power supply with a 5.5 x 2.5mm connector. It provides a maximum power output of 90W, ensuring stable and efficient operation while charging your laptop battery or powering your notebook directly.

Built with Smart IC control and fluctuation absorption technology, the charger delivers accurate voltage while helping protect compatible laptops against power fluctuations. The durable fire resistant housing and universal 100-240V AC input make it suitable for use at home, in the office, or while travelling.

Performance tier: Reliable everyday replacement charger

Uses: Replacement laptop charger, office use, home use, travel, charging compatible Toshiba notebooks

Overview

Quality replacement home and office wall charger for Lenovo laptops with 19.0V, 4.74A output, 5.5mm x 2.5mm pin, fireproof plastic and smart over-charge IC.

Description

The Astrum CL760 provides a dependable replacement power solution for compatible Toshiba notebook computers. Designed to match the required 19.0V DC output and 4.74A current, it supplies up to 90W of power for stable laptop operation and battery charging.

The charger incorporates Smart IC control technology to regulate output voltage accurately while fluctuation absorption technology helps maintain reliable performance during everyday use. Its durable fire resistant enclosure is designed for long service life, making it suitable for regular home, business, educational, or travel applications.

With universal AC input support from 100V to 240V, the charger can be used in many regions when paired with a suitable mains cable. The standard 5.5 x 2.5mm barrel connector is designed for compatible Toshiba notebook models that require this connector size and electrical specification.

Features

The Astrum CL760 combines dependable power delivery with built-in protection features for everyday notebook charging.

- 90W maximum power output.
- 19.0V DC output at 4.74A.
- 5.5 x 2.5mm barrel connector.
- Compatible with supported Toshiba notebook models.
- Smart IC control for accurate voltage regulation.
- Fluctuation absorption technology.
- Fire resistant 94V-0 grade housing.
- Universal AC input from 100V to 240V.
- Suitable for home, office, and travel.
- Reliable replacement for damaged or worn original adapters.

What's in the Box

- 1 x Astrum CL760 90W Laptop Charger

Specifications

- Brand: Astrum
- Model: CL760
- Product type: Replacement laptop charger
- Compatible brand: Toshiba
- Maximum power: 90W
- Input voltage: AC 100-240V
- Input current: 2.4A
- Output voltage: DC 19.0V
- Output current: 4.74A
- Connector size: 5.5 x 2.5mm
- Protection: Smart IC control, fluctuation absorption technology
- Housing: Fire resistant 94V-0 grade material
- Dimensions: 132 x 57 x 31mm
- Weight: 250g

FAQ

Is the Astrum CL760 compatible with every Toshiba laptop?

No. It is compatible only with Toshiba laptops that require a 19.0V DC, 4.74A power adapter with a 5.5 x 2.5mm barrel

connector.

Can this charger replace an original Toshiba power adapter?

Yes. It is designed as a replacement charger for compatible Toshiba notebook models that use the same voltage, current, and connector size.

Does the charger include built-in protection?

Yes. It features Smart IC control and fluctuation absorption technology to help provide stable power delivery.

Can I use this charger while travelling?

Yes. The universal AC input of 100-240V allows use in many countries with the appropriate mains power cable or plug adapter.

What connector size does this charger use?

The charger uses a 5.5 x 2.5mm DC barrel connector.
