Aerocool B509A Black Mid Tower Case

Product Overview

Aerocool B509A Black Mid tower case - Midi Tower Form Factor, ATX, Micro ATX, Mini-ITX Supported Motherboard Form Factor, Side Window, Suitable For Gaming, Tempered Glass Panels, Anti-Dust Filter, Cable Management, LED Indicators, Includes ARGB Fans x 6, 2.5", 3.5" Supported HDD Sizes, Color Black, Retail Box, 6 Months Warranty.

Specifications

About this product

The **Aerocool B509A Black Mid Tower Case** is a high airflow ATX gaming chassis featuring 6 x ARGB fans, tempered glass side panel, and advanced cable management for clean builds. Designed to support ATX, Micro ATX, and Mini-ITX motherboards, it delivers efficient cooling, dust protection, and modern aesthetics. Buy now from our website for a reliable and stylish PC build solution.

Overview Summary

Aerocool B509A ARGB Mid Tower Gaming Case

The Aerocool B509A is a performance focused mid tower PC case built for gamers and PC builders who demand airflow, aesthetics, and flexibility. With a full mesh front panel and 6 x pre installed ARGB fans, this chassis ensures optimal cooling while delivering vibrant lighting effects for modern gaming setups.

Its tempered glass side panel allows you to showcase your internal components, while built in cable management and dust filters help maintain a clean and efficient system. Supporting multiple motherboard sizes and large GPUs, the B509A is ideal for custom builds, upgrades, and high performance systems.

Performance tier: Mid-range gaming

Uses: gaming PC builds, custom desktop builds, workstation setups, RGB showcase systems

Description

The Aerocool B509A mid tower case is engineered for modern PC builders who prioritize airflow, expandability, and visual appeal. Its mesh front panel design allows for maximum air intake, supported by 6 x pre installed ARGB fans that deliver efficient cooling performance for gaming and productivity systems.

This chassis supports ATX, Micro ATX, and Mini-ITX motherboards, making it highly versatile for different build configurations. The tempered glass side panel provides a clear view of your internal components, allowing users to showcase RGB lighting and high end hardware setups.

With support for graphics cards up to 340 mm and CPU coolers up to 158 mm, the B509A accommodates powerful components with ease. Additional features such as magnetic dust filters, bottom mounted PSU design, and structured cable management ensure a clean, organized, and long lasting build.

Features

The Aerocool B509A offers a balance of performance, cooling, and modern design for PC enthusiasts.

- 6 x pre installed ARGB fans for enhanced cooling and RGB lighting
- Tempered glass side panel to showcase internal components
- Mesh front panel design for improved airflow
- Supports ATX, Micro ATX, and Mini-ITX motherboards
- Magnetic dust filters on top and bottom for easy maintenance
- Advanced cable management system for clean builds
- Supports GPUs up to 340 mm for high end graphics cards
- Supports liquid cooling radiators up to 360 mm
- Multiple storage options for 2.5" and 3.5" drives
- Front I O panel with USB and audio connectivity

What's in the Box

- 1 x Aerocool B509A Mid Tower Case
- 6 x ARGB fans pre installed
- Dust filters
- User manual
- Mounting accessories

Specifications

- Form factor: Mid tower
- Supported motherboards: ATX, Micro ATX, Mini-ITX
- Material: ABS, SPCC steel
- Color: Black
- Side panel: Tempered glass
- Cooling included: 6 x ARGB fans
- Maximum GPU length: 340 mm
- Maximum CPU cooler height: 158 mm
- Drive support: 2.5", 3.5"
- Drive bays: 4 x 2.5", 1 x 3.5"
- Fan support: Up to 8 total fans
- Radiator support: Up to 360 mm
- Ports: 2 x USB 2.0, 1 x USB 3.2 Gen1, 1 x audio combo
- Dust filters: Top and bottom magnetic filters
- Power supply support: ATX, bottom mounted
- Dimensions: 206.5 x 400.6 x 450.5 mm

FAQ

Is the Aerocool B509A suitable for gaming PCs?

Yes, this case is designed for gaming builds with high airflow, multiple fan support, and space for powerful GPUs and cooling systems.

How many fans are included with the Aerocool B509A?

The case includes 6 x ARGB fans pre installed, providing strong cooling performance and RGB lighting out of the box.

What motherboard sizes are supported?

The Aerocool B509A supports ATX, Micro ATX, and Mini-ITX motherboards, making it compatible with most standard builds.

Can this case support liquid cooling?

Yes, it supports radiators up to 360 mm, allowing for advanced liquid cooling configurations.

Does the case have dust protection?

Yes, it includes magnetic dust filters on the top and bottom to help keep internal components clean.
