Performance tier:High-speed

Uses:Personal backup, PC and mobile file sync, wireless photo transfer, fast data storage, secure data protection

Overview:

Synology BeeDrive BDS70 2TB Personal Backup Hub

The Synology BeeDrive BDS70 is designed to bring all your essential files and memories together in one secure, high-speed storage hub. Ideal for both personal and professional use, this compact backup solution simplifies saving, syncing, and transferring data across computers and mobile devices. With its USB3.2 Gen2 interface and built-in solid-state drive, BeeDrive delivers fast transfer speeds and reliable access to your files whenever you need them. Its drop-resistant design ensures your data stays protected, while wireless backup and file transfer options make managing files effortless on the go.

Description:

BeeDrive combines convenience, speed, and versatility in a single backup hub. Users can set up automatic PC and mobile backups, sync files instantly when plugged in, and wirelessly transfer files from iOS or Android devices to Mac or Windows computers. Built-in SSD storage ensures high-speed transfers, while local storage keeps your data private and eliminates recurring cloud fees. BeeDrive also allows real-time desktop folder backups with version history, seamless syncing between multiple computers, and remote mobile backup over Wi-Fi or cellular networks. Whether you need to access, share, or safeguard your photos, documents, or project files, BeeDrive provides a premium and portable solution for data management.

Features:

Easy Backup and File Sync

BeeDrive makes backing up your computer and smartphone effortless. Once configured, it automatically secures your files without repeated setup. Plugging the drive into your computer enables instant file syncing, while the BeeDrop feature allows quick wireless transfers from mobile devices to your PC or Mac.

Seamless Data Access Across Devices

Effortlessly move between work and home computers with automatic syncing. BeeDrive ensures that the latest changes are reflected on any connected device, maintaining productivity wherever you are. You can also view and share files on your mobile device, even if the drive is not physically nearby.

High-Speed, Reliable Storage

Equipped with a USB3.2 Gen2 Type-C interface and a built-in SSD, BeeDrive achieves transfer speeds up to 1050MB/s. Its compact design measures 65 x 65 x 15mm and weighs just 43g, offering both portability and durability, with up to 2m drop resistance tested on carpeted concrete floors.

Desktop Backup Management

The BeeDrive desktop app allows you to select specific folders for real-time backup. All changes are automatically mirrored on the drive, with up to five previous versions preserved to prevent accidental overwrites.

Wireless Mobile Backup

Free up phone storage by backing up photos and videos over Wi-Fi or cellular networks. Remote backups are possible as long as your computer is awake, keeping your content safe and accessible without connecting directly to a computer.

Easy File Transfer Across Platforms

BeeDrop enables fast file transfers from iOS and Android devices to Mac or Windows, making your files immediately available in File Explorer or Finder. This feature ensures smooth collaboration and sharing without complicated setups.

Technical Details

- Model: BDS70-2T
- Storage Capacity: 2TB
- Dimensions: 65 x 65 x 15mm
- Weight: 43g
- Connector: Type-C
- Interface: USB3.2 Gen2 (10Gbps)
- Max Transfer Speed: Up to 1050MB/s
- System Requirements: Windows 10 64-bit (1809+), Windows 11, macOS coming soon; iOS 15+, Android 10+
- Certifications: RoHS, FCC, CE, BSMI, VCCI, RCM, KC, UKCA, BIS
- Package Includes: BeeDrive main unit, Type-C to C cable, Type-C to A adapter, Quick start guide
