Xiaomi Watch S5 46mm - Silver

## Product Overview

Xiaomi Watch S5 46mm Silver Smartwatch, 21-day typical Battery Life on single charge, 1.48" AMOLED Display with 480x480 Resolution, 2500 nits Peak brightness for sunlight Clarity, GPS, 24/7 Heart Rate and SpO2 Blood Oxygen monitoring with alerts, Advanced sleep Tracking with sleep Algorithm 2.0, 150+ Sport modes for various activities, 5ATM Water resistance rating for swimming, Bluetooth 5.4 Calling with Built-In Microphone and Speaker, NFC contactless payments supporting mastercard and visa, compatible with Android and iOS operating systems, runs Xiaomi HyperOS 3 on Android 16

## Specifications

### Overview Summary:

Upgrade your lifestyle with the Xiaomi Watch S5 46mm in elegant Silver, now available for purchase online in South Africa. This premium smartwatch combines a stunning AMOLED display with an impressive 21-day battery life, ensuring you stay connected without constant charging. Designed with precision engineering and featuring comprehensive health monitoring, dual-band GPS, and NFC payments, it is the perfect companion for both fitness enthusiasts and busy professionals.

Experience superior performance with its durable stainless steel build and water resistance suitable for swimming. Whether you are tracking your daily steps, managing stress levels, or making contactless payments on the go, this watch delivers reliable functionality in a sleek package. Don't wait to enhance your daily routine; buy now and enjoy fast delivery across South

Africa.

**Performance tier:**High

**Uses:**Fitness tracking, health monitoring, GPS navigation, contactless payments, swimming, sleep analysis, Bluetooth calling

## Overview:

The Xiaomi Watch S5 46mm in Silver combines premium materials with intelligent performance to deliver a smartwatch that adapts seamlessly to your lifestyle. Crafted from durable 316L stainless steel, this timepiece features a slim 10.99mm profile and weighs just 46g without the strap, ensuring comfort whether you are commuting or training at the gym. The vibrant 1.48-inch AMOLED display offers a resolution of 480 x 480 pixels with a peak brightness of 2500 nits, guaranteeing crystal-clear visibility even under direct sunlight.

## Description:

The Xiaomi Watch S5 46mm is designed for users who demand both style and substance. This silver smartwatch includes an integrated bezel design and a powerful 815mAh battery that supports up to 21 days of usage on light settings or 9 days with the always-on display active. It provides comprehensive health tracking including continuous heart rate monitoring, blood oxygen levels, stress analysis, and detailed sleep stage insights powered by Xiaomi's proprietary algorithm 2.0. The device also features dual-band five-system GNSS for precise location tracking across GPS, Galileo, GLONASS, BeiDou, and QZSS networks, along with built-in NFC support for contactless payments via Mastercard and Visa.

Part Number: BHR08ISGL

## Features:

### Precision Engineering for Every Activity

Designed to withstand the demands of an active lifestyle, the watch is rated 5ATM water resistant, making it suitable for swimming in pools or near-shore environments. The integrated bezel not only enhances the aesthetic appeal but also provides a robust build quality that stands up to daily wear and tear. With over 150 sport modes available, you can track your progress across activities ranging from running and cycling to skiing and yoga.

The intelligent location system utilizes dual-band five-system GNSS technology to ensure accurate route tracking even in challenging environments like dense urban areas or deep forests. Features such as offline maps, backtracking, and off-route alerts make this device a reliable companion for outdoor exploration, allowing you to navigate with confidence without needing your phone nearby.

Beyond fitness tracking, the Xiaomi Watch S5 serves as a complete health monitoring station. The four-LED, four-PD sensor works in tandem with advanced algorithms to provide 24/7 heart rate and blood oxygen monitoring. Users receive proactive alerts if their stress levels rise or if blood oxygen drops below safe limits, while the sleep tracking module offers personalized plans to improve rest quality based on international health standards.

Connectivity is seamless thanks to Bluetooth calling capabilities, allowing you to take calls directly from your wrist using the built-in speaker and microphone. Payment transactions are equally convenient with NFC support for contactless payments at any terminal accepting Mastercard or Visa, eliminating the need to carry a wallet for quick errands.

### Battery Life That Lasts

Gone are the days of nightly charging routines. The Xiaomi Surge Battery technology delivers impressive endurance that keeps up with your busiest weeks. Depending on usage patterns, you can expect up to 21 days of battery life in light mode, 14 days under normal conditions, or a solid 9 days when utilizing the always-on display feature. This longevity ensures your device is ready for long weekend hikes or back-to-back business meetings without interruption.

The watch also includes women's health management tools and breathing exercises to support overall wellness. A one-tap health checkup function provides a quick summary of your vital signs, making it easy to monitor your condition at a glance throughout the day.

System Requirements

- Compatible with Android 8.0 and above devices
- Compatible with iOS 14.0 and above devices

What's in the Box

- 1 x Xiaomi Watch S5 46mm - Silver
- 1 x Magnetic charging dock
- 1 x User manual (including Warranty notice)

Xiaomi continues to build its reputation for offering sophisticated technology at accessible price points. This smartwatch reflects a commitment to precision engineering and premium materials, delivering a device that punches well above its weight in terms of design and capability for users seeking a reliable companion for health, fitness, and daily connectivity.

## ComX Computers

Product Specification Sheet

### Can I use this watch for swimming and does it support contactless payments?

Yes, the Xiaomi Watch S5 features 5ATM water resistance suitable for pool and near-shore swimming, and includes built-in NFC to support Mastercard and Visa contactless payments without a phone.

### How accurate is the GPS tracking for outdoor activities like running or cycling?

The watch utilizes dual-band five-system GNSS (GPS, Galileo, GLONASS, BeiDou, and QZSS) to provide precise, real-time route tracking even in challenging environments.

### What health monitoring features are included with the Xiaomi Surge Battery system?:

Beyond its long-lasting battery, the watch provides 24/7 heart rate and blood oxygen (SpO2 ) monitoring using a four-LED sensor, along with advanced sleep tracking and stress management tools.
