

BHR8995GL

Xiaomi Motion Sensor 2S

Product Overview

Xiaomi Motion Sensor 2S, Bluetooth 5.0 Wireless connectivity, CR2450 Battery Type, 130 degrees detection angle, 7m detection range

Specifications

Overview:

Xiaomi Motion Sensor 2S

The Xiaomi Motion Sensor 2S is a compact, versatile device designed to enhance your smart home experience by monitoring movements and light levels in your environment. With advanced motion and micro-motion detection capabilities, the sensor is ideal for keeping track of people and pets, enabling you to create tailored automation scenarios. Whether it's syncing with other smart devices for lighting adjustments or setting up alerts for unexpected activity, the Motion Sensor 2S helps achieve a seamless smart lifestyle.

One of the standout features of the Xiaomi Motion Sensor 2S is its precision illuminance detection, which measures ambient light levels up to 1000 lux. This allows the sensor to adapt to various lighting conditions and automate your home's lighting systems intelligently. Whether it's dimming the lights in the evening or brightening up a room during the day, this sensor ensures your lighting is always optimized for comfort and energy efficiency.

Designed for reliability and convenience, the sensor boasts a 7-meter detection range with a 130 degrees monitoring angle. It instantly detects movement and sends alert notifications when someone enters the monitored area. Equipped with a new Bluetooth Low Energy chip, it minimizes power consumption, achieving an impressive battery life of up to three years. This reduces the need for frequent battery replacements, making it a cost-effective and hassle-free addition to your smart home setup.

The Xiaomi Motion Sensor 2S is built with flexibility in mind, featuring a compact design and adhesive mount that allows for easy angle adjustment. You can rotate the sensor up to 90 degrees vertically and 360 degrees horizontally to fit your specific needs. Its compatibility with other smart products and Bluetooth 5.0 connectivity ensures a seamless integration into your smart home ecosystem, making it a reliable and versatile tool for automation and security.

Features:

- Motion and micro-motion detection
- 0-1000lux Illuminance detection
- BLE connection protocol
- Up to 3 year battery life
- Link up to other smart products for automation

WHAT'S IN THE BOX:

- Xiaomi Motion Sensor 2S - White x1
- User Manual x1
