Specifications

Overview Summary:

The Dell Pro 24 All-in-One Plus delivers exceptional power and intelligent performance in a sleek, space-saving design. Featuring the latest Intel Core Ultra 5 processor with AI acceleration, this 23.8-inch Full HD desktop ensures smooth multitasking, crisp visuals, and superior collaboration features-ideal for professionals and hybrid teams in South Africa. With Windows 11 Pro, 16GB DDR5 memory, and a 512GB SSD, it's built for business users who demand speed, reliability, and seamless workflow integration. Buy now to upgrade your workspace with Dell's trusted innovation.

Performance tier:Business-Class Premium

Uses:Office productivity, video conferencing, creative applications, hybrid work environments, business management

Overview:

Dell Pro 24 All-in-One Plus Desktop PC (QB24250)

Your AI-powered productivity hub

Work smarter, collaborate seamlessly, and elevate your workspace with the Dell Pro 24 All-in-One Plus. Designed for professionals who demand performance, security, and intelligent efficiency, this 24-inch Full HD desktop delivers exceptional power in a compact, elegant form.

Description:

The Dell Pro 24 All-in-One Plus combines cutting-edge AI capability with Intel Core Ultra processing power for faster, more efficient multitasking. It's equipped with advanced collaboration tools, a choice of 5MP IR camera, adaptive audio, and secure management options, making it ideal for hybrid workplaces. With its sustainable design, adjustable stand, and energy-efficient build, it's a powerful and responsible choice for business users.

Features:

Smarter Performance with AI Integration

Boost productivity with Intel Core Ultra desktop processors (Series 2) featuring a built-in neural processing unit (NPU). This intelligent system accelerates AI-driven tasks, enhances collaboration, and streamlines workflows, helping you complete complex projects with ease.

Configurable Power Options

Choose from multiple configurations to suit your workload:

ComX Computers

Product Specification Sheet

- Dell Pro 24 All-in-One 35W: Ideal for everyday tasks with Intel Core or Core Ultra processors up to Ultra 5.
- Dell Pro 24 All-in-One 65W: AI-ready system powered by Intel Core Ultra processors up to Ultra 7.
- Dell Pro 24 All-in-One Plus: High-performance AI PC with optional 5MP IR HDR camera, discrete graphics, and up to Ultra 9 processor.

Optimized for AI Workloads

Experience smoother, faster AI performance with CPU, GPU, and NPU integration. Run creative and productivity apps such as Adobe After Effects up to 50% faster while consuming less power.

Enhanced Security and IT Management

The Dell Pro 24 All-in-One Plus includes advanced hardware and firmware protections for business security. With Intel vPro options, it offers multi-layered protection, remote management, and dependable system stability.

Intelligent Collaboration Tools

Stay connected with clarity and confidence.

- Upgrade to the optional 5MP IR HDR camera for superior video quality.
- Enjoy auto-framing, Windows Hello sign-in, and automatic walk-away lock.
- Adaptive Audio and noise cancellation ensure clear sound on every call.

Comfortable, Flexible Design

Work in comfort with your choice of a fixed or height-adjustable stand that can tilt, pivot, and rotate 90 degrees. TÜV Rheinland-certified low blue light display minimizes eye strain, while the 100Hz refresh rate ensures smooth visuals.

Efficient Storage and Connectivity

Handle demanding workloads with ease.

- Up to 64GB DDR5 memory
- Dual M.2 drives up to 4TB total capacity
- Connectivity includes 2x USB-C, 6x USB-A, DisplayPort++ 1.4a, and HDMI 2.1

Stay Productive and Secure

Input Guardian provides a built-in uninterruptible power supply safeguard. Security tools like Look Away Detect and Onlooker Detection protect data privacy, while Dell Optimizer's Wake on Approach ensures you're ready to work instantly.

Simplified Device Management

Deploy, manage, and maintain your systems efficiently.

- Unified BIOS across Dell Pro All-in-One PCs
- Reliable build quality with under 1% requiring service in the first year
- Dell Trusted Update Experience simplifies firmware and driver management

Business-Ready AI and Windows 11 Pro

Powered by Windows 11 Pro and Copilot AI, the Dell Pro 24 enables smarter multitasking, enhanced security, and optimized performance. Enjoy intuitive workflows and next-generation productivity tools designed for business innovation.

Sustainable by Design

The Dell Pro 24 All-in-One Plus is crafted from 53% post-consumer recycled plastic, closed-loop materials, and 16% recycled glass. Packaging uses up to 100% recycled or renewable content. Certified ENERGY STAR, EPEAT Gold, and TCO Generation 10, it meets top environmental standards.

Ports and Connectivity

Rear Side:

- Power Button

ComX Computers

Product Specification Sheet

- Display Input Button
- USB 3.2 Gen 2 Type-C Port
- SD 4.0 Card Slot
- Kensington Lock Slot
- HDMI-in 1.4 (up to 1920x1080@60Hz)
- HDMI-out 2.1 (up to 4096x2160@60Hz)
- DisplayPort++ 1.4a (up to 5120x3200@60Hz)
- RJ-45 Ethernet (1 Gbps)
- 2x USB 3.2 Gen 1 Type-A with SmartPower On
- 3x USB 3.2 Gen 2 Type-A
- USB 3.2 Gen 2 Type-C
- Power Connector
- VESA Bracket

Right Side:

- USB 3.2 Gen 2 Type-A with PowerShare

Front Side:

- Optional 5MP IR HDR Pop-up Camera
