

CAM-MOUNT-CBK645A

Sunell Junction Box For Udr, Eedr, Hdr Camera

Product Overview

Sunell Junction Box For UDR, EEDR, HDR Cameras. The SUNELL CAM-MOUNT-CBK645A is a white aluminium alloy junction box crafted for UDR, EEDR and HDR camera models. Rated IP66 for superior weather resistance, it simplifies cable management and mounting in both indoor and outdoor settings. Lightweight at 560 g yet durable, it supports fast and reliable installations - ideal for South African security system needs.

Specifications

Overview Summary

SUNELL Junction Box CAM-MOUNT-CBK645A

The SUNELL CAM-MOUNT-CBK645A is a durable junction box engineered for seamless integration with UDR, EEDR and HDR camera models. Crafted from aluminium alloy with a clean white finish, it offers robust protection for your surveillance equipment. Its IP66 rating ensures reliable performance in both indoor and outdoor environments, keeping cables and connectors shielded from dust and moisture.

This junction box simplifies installation and maintenance. Its solid build quality enhances mounting flexibility while protecting wiring integrity. Ideal for both residential and commercial security systems across South Africa where reliability and ease of setup matter most.

Performance tier:Mid-grade security accessory

Uses:Camera cable protection, outdoor mounting support, weather-proof wiring management, security system infrastructure

Description

The SUNELL CAM-MOUNT-CBK645A junction box showcases a sleek white aluminium alloy design that complements modern surveillance setups. Designed to pair with SUNELL's UDR, EEDR, and HDR camera series, it ensures a professional installation with protection against environmental factors. Its IP66 certification confirms robust sealing against dust and high-pressure water - essential for South African weather conditions ranging from coastal spray to interior dust.

Installation is straightforward: mount the box, manage the cables internally with ease, and affix the camera. The junction box accommodates electronic shutter management up to 1/20 000 s, aligning with advanced camera sensors. At a manageable

ComX Computers

Product Specification Sheet

weight of 560 g, technicians can handle positioning without heavy lifting gear, yet benefit from the structural integrity required for long-lasting security setups.

Features

This junction box is thoughtfully designed to enhance both installation convenience and long-term durability:

- Indoor and outdoor compatibility ensuring versatility across installation environments
- Ease of installation reduces setup time and simplifies cable organization
- Aluminium alloy construction combines strength with lightweight handling
- IP66-rated protection guards against dust ingress and powerful water jets - perfect for challenging weather conditions

What's in the Box

- 1 x SUNELL CAM-MOUNT-CBK645A junction box
- Mounting screws (included as standard accessory)
- Rubber gasket for sealing (pre-fitted or included)
- Instruction sheet (installation guidance)

Specifications

- Material: Aluminium alloy (robust and corrosion-resistant)
- Colour: White - blends cleanly with light-coloured surfaces
- Ingress Protection: IP66 - dust-tight and weather-proof against water jets
- Product Weight: 560 g - lightweight enough for standard wall or pole mounting
- Electronic Shutter Rating: 1/5-1/20 000 s - pass-through spec matching supported camera models
