Specifications

Features:

Slip free from-fitting grip

The Claw case for the iPhone has been engineered to prevent drops. Form-fitted, thermoplastic rubber with honey-combed design provide you with a tight grip on your iPhone. However, accidents do happen. The impact resistant material protects

Easy access to all iPhone buttons

Thermoplastic rubber moldings protect the power and volume buttons from pocket lint and dirt. Precise cutouts give you easy access to all the iPhone buttons including ports, jacks, speakers, buttons and the camera. Best of all, the CLAW can be easily removed and attached. No more struggling with your iPhone case.
