Overview:

Cudy USB-C to 2.5Gbps Ethernet Adapter UE25C

Upgrade your laptop, PC, or NAS with reliable, high-speed wired connectivity using the Cudy USB-C to 2.5Gbps Ethernet Adapter UE25C. Compact and easy to use, this adapter delivers faster network speeds without the hassle of drivers or complex installation. Perfect for remote work, streaming, or large file transfers, it ensures stable and efficient connections wherever you need them.

Description:

The Cudy UE25C adapter converts any USB-C 3.0 or higher port into a 2.5Gbps RJ45 Ethernet connection. With plug-and-play support across Windows, macOS, Linux, and Android devices, it provides high-speed network access instantly.

Wake-on-LAN functionality allows remote access, while flow control ensures smooth and consistent data transfer. Its compact design makes it portable and ideal for both home and professional use.

Features:

Seamless High-Speed Connectivity

Connect to networks at speeds up to 2.5Gbps, ensuring faster downloads, smoother streaming, and efficient online gaming. This adapter supports multiple Ethernet standards including 10/100/1000/2500 Mbps, offering versatile compatibility for different network environments.

Plug-and-Play Convenience

No drivers or complicated setup required. Simply plug the adapter into a USB-C 3.0 or higher port on your device and enjoy immediate wired connectivity.

Remote Access and Network Efficiency

Enable Wake-on-LAN to access your devices remotely, and benefit from flow control technology that prevents data loss and ensures stable transfers, even during heavy network use.

Wide Device Compatibility

The UE25C adapter works with a broad range of operating systems including Windows, macOS, Linux, and Android, making it a flexible solution for laptops, desktops, and NAS systems.

Compact and Portable Design

Its small, lightweight build makes it easy to carry, perfect for professionals on the go or for adding a fast, reliable connection to any workspace without clutter.
