

CL-F169-PL12SW-A

Thermaltake Swafan EX12 ARGB Sync PC cooling fan White TT Premium Edition - 3 fan pack

Product Overview

Thermaltake Swafan EX12 ARGB Sync PC cooling fan White TT Premium Edition - 3 fan pack, 120 x 120 x 25 mm fan dimension, Hydraulic bearing, 3x fan frames, 3x standard fan Blade, 3x Reverse fan Blade

Specifications

Overview:

SWAFAN EX12 ARGB Sync PC Cooling Fan White TT Premium Edition (3-Fan Pack)

CL-F169-PL12SW-A

SWAFAN EX12 ARGB White brings magnetic force design to ARGB fans while keeping the iconic swappable fan blade design. Daisy-chaining up to 3 fans per cable improves fan connection efficiency and convenience while enhancing cable management for PC building.

Features:

Quick Connect with Magnetic Force Design

Our magnetic force design ARGB version enables the connection of both the 12V PWM cable and the 5V ARGB lighting cable to a single magnetic connector; simply placing the fans side by side, the magnet connectors will instantly draw the fan frames together while keeping them in place, thus powering and lighting up the fans by daisy-chaining them. This design keeps the assembly process simple while reducing installation time, making this fan more user-friendly and bringing extra fun while building your PC.

Caution: Due to safety and motherboard software signal limitations, SWAFAN EX ARGB is only recommended to daisy-chain maximum 5 fans per cable.

Say Goodbye to Excessive Cables

Connect your fans with SWAFAN EXs Magnetic Force Quick Connect Design and be free from messy cables!

Pop and insert, it is that easy.

If you want, you can even rinse the fan blades with water, just make sure you dry them thoroughly and apply the bearing lubricant that is included in the package if needed.

Great Lighting Effects with 16.8M Colors

Two independent LED rings with 20 LEDs (Inner ring: 6, Outer ring: 14) allows you to explore different build themes with 5V motherboard sync lighting software.

Sync with Motherboard RGB Software

Designed to synchronize with ASUS Aura Sync, GIGABYTE RGB Fusion, MSI Mystic Light Sync, and ASRock Polychrome. It supports motherboards with a 5V addressable RGB header, allowing you to control the lights directly from the software mentioned above without installing any extra lighting software or controllers. For more details, please visit ASUS, GIGABYTE, MSI, and ASRock official websites.

Specifications	
Product Code	CL-F169-PL12SW-A
P/N	CL-F169-PL12SW-A
FAN DIMENSION	120 x 120 x 25 mm
INTERFACE	2510-4 PIN PWM, 5V ARGB header-3PIN
FAN STARTED VOLTAGE	9.0 V
FAN RATED VOLTAGE	12 V & 5V
RATED CURRENT	12 V - 0.27 A, 5 V - 0.72 A (one fan)
POWER INPUT	12 V - 3.24 W, 5 V - 3.6 W (one fan)

ComX Computers

Product Specification Sheet

FAN SPEED	PWM 500 ~ 2000 R.P.M
MAX. AIR PRESSURE	Standard Fan Blade : 2.39 mm-H2O (one fan)
	Reverse Fan Blade : 2.02 mm-H2O (one fan)
MAX AIR FLOW	Standard Fan Blade : 57.11 CFM (one fan)
	Reverse Fan Blade : 56.26 CFM (one fan)
NOISE	Standard Fan Blade : 30.6 dB-A (one fan)
	Reverse Fan Blade : 32.5 dB-A (one fan)
BEARING TYPE	Hydraulic Bearing
LIFE EXPECTATION	40,000 hrs, 25 degreesC
OTHER	Fan Frames x 3
	Standard Fan Blade x 3 (Pre-installed)
	Reverse Fan Blade x 3
	Cable x 3
