

## CM403-80893

Ugreen CM403 Bluetooth 5.0 transmitter / receiver to Aux Adapter

### Product Overview

Ugreen CM403 Bluetooth 5.0 transmitter / receiver to Aux Adapter, 3.5mm Aux Interface, 14mAh Battery capacity

### Specifications

#### Overview Summary:

The UGreen CM403 Bluetooth 5.0 transmitter and receiver is the perfect solution for anyone in South Africa looking to upgrade their wired devices to wireless convenience. Compact and versatile, it works as both a transmitter (TX) and receiver (RX), making it ideal for connecting TVs, computers, speakers, and headphones without the hassle of cables. With its stable Bluetooth 5.0 connection and rechargeable battery, you can enjoy seamless wireless streaming anytime, anywhere. Shop now to transform your audio experience instantly.

Buy the UGreen CM403 Bluetooth adapter today and enjoy wireless freedom whether at home, in the office, or on the go. Its lightweight design makes it travel-friendly while still delivering reliable sound quality. Take the step toward hassle-free connectivity and enjoy your favorite music, movies, and calls with ease.

**Performance tier:**Mid-range

**Uses:** Connecting TVs to Bluetooth headphones, upgrading wired speakers, enabling wireless streaming, portable travel audio, daily wireless convenience

## Overview:

### Ugreen CM403 Bluetooth 5.0 Transmitter and Receiver AUX Adapter

UGreen's CM403 Bluetooth 5.0 adapter is the perfect solution for upgrading traditional wired devices into wireless audio systems. Acting as both a transmitter and receiver, it ensures smooth connectivity with minimal setup, giving you more ways to enjoy music, movies, and calls.

## Description:

This compact Bluetooth 5.0 AUX adapter allows you to stream audio wirelessly in either transmitter (TX) or receiver (RX) mode. It connects non-Bluetooth devices to Bluetooth headphones, speakers, smartphones, and laptops. With a lightweight build, stable connection, and long-lasting rechargeable battery, the CM403 is designed for portability, convenience, and an enhanced audio experience wherever you go.

## Features:

### Wireless Streaming Made Simple

Turn your TV, computer, or MP3 player into a wireless audio hub. In transmitter mode, the CM403 sends sound directly to your Bluetooth headphones or speakers, eliminating messy cables.

### Breathe New Life into Wired Equipment

Use receiver mode to modernize older audio systems. Plug the adapter into traditional speakers or headphones and instantly connect them to your smartphone or tablet.

### Switch Modes Instantly

Easily change between TX and RX with a single switch. This flexibility makes it ideal for home, office, or travel use.

### Stable Connection with Bluetooth 5.0

Enjoy reliable streaming with fast pairing, low latency, and consistent audio quality. The Bluetooth 5.0 chip ensures smoother transmission whether you're listening to music or watching movies.

### Compact and Travel-Friendly

Designed for portability, the slim build slips easily into your bag or pocket. Take it with you in the car, on holiday, or anywhere you want wireless freedom.

### Extended Playtime

The built-in rechargeable 14mAh battery keeps your music playing for hours. Perfect for long trips or daily use without frequent charging.
