Casey Blue Digital Fingertip Pulse Oximeter

Product Overview

Casey Digital Fingertip Pulse Oximeter Colour: Blue - Non-Invasive Device, Measures SPO2 (Blood Oxygen Saturation Levels) and Pulse Rate In 10 Seconds, LED Display, Automatically Shut Down 8 Seconds Retail Box No Warranty

Specifications

Overview:

The Casey Digital Fingertip Pulse Oximeter is a lightweight non Invasive and painless device that measures the oxygen saturation levels in your blood. It can quickly detect even small changes in how efficiently your blood carries oxygen to the extremities of your body, such as your fingertips. This easy to use one button operation is simple to operate for on-the-spot SpO2 and Pulse Rate testing. The universal finger clip allows the Oximeter to fit a range of finger sizes from kids that are approximately 5 years old through to adults. This unit is ideal for use by GP's, Paramedics, Nurses, Community Workers as well as mountain climbers, skiers, bikers, aviators or anyone interested in measuring their SpO2 and pulse rate. The unit's lightweight and small size means it can be easily carried in your pocket.

Please Note:

This device has been air freighted and does not include any batteries -Requires 2x AAA Batteries
