Specifications

About this product

The Delock 66856 Black Cable Grommet with integrated brush insert provides a clean and professional solution for routing cables through desks and tables. Designed for 160 x 80 mm cut-outs, this durable grommet helps reduce dust entry while keeping power, data and AV cables neatly organized. Ideal for office desks, boardrooms and home workstations. Buy now from our website for a tidy and efficient cable management solution.

Overview Summary

Delock 66856 Black Table Cable Grommet with Brush - 160 x 80 x 28 mm

The Delock 66856 cable grommet is a practical desk mounting solution designed to guide and conceal multiple cables through a table surface. Featuring a removable brush strip, it allows flexible cable routing while limiting dust and debris from entering the desk cavity. The black finish blends seamlessly into modern office furniture for a clean and professional appearance.

Manufactured from durable material for long term reliability, this cable grommet is suitable for structured office environments,

conference tables, reception counters and home office desks. It supports organized cable management for power cords, HDMI cables, network cables and peripheral wiring.

Performance tier: Professional office cable management

Uses: office desks, boardroom tables, cable routing, workstation setups, conference rooms

Description

The Delock 66856 black cable grommet is engineered to provide a neat and efficient cable routing solution for desks and tables with a 160 x 80 mm cut-out. It allows multiple cables to pass through the work surface while maintaining a clean and organized appearance. The integrated brush insert ensures flexible cable entry and exit, adapting to different cable thicknesses without leaving large open gaps.

This cable grommet is ideal for managing power cables, monitor cables, keyboard and mouse wiring, network cables and AV connections in professional office environments. The brush design helps minimize dust ingress while maintaining accessibility for frequent cable adjustments. Its understated black finish complements most modern office furniture and workstation layouts.

Whether installed in corporate offices, training rooms, call centers or home workspaces, the Delock 66856 improves cable organization, reduces clutter and enhances overall desk aesthetics while supporting safe cable management practices.

Features

The Delock 66856 cable grommet is designed to simplify cable routing while maintaining a professional desk finish.

- Rectangular table mount design for 160 x 80 mm cut-outs
- Integrated brush insert for flexible cable management
- Helps reduce dust and debris entering desk cavities
- Supports multiple cable types including power, HDMI and network cables
- Clean black finish suitable for modern office furniture
- Durable construction for long term use

- 1 x Delock 66856 Black Cable Grommet with brush insert

Specifications

- Brand: Delock
- Model: 66856
- Product type: Table cable grommet with brush
- Color: Black
- Mounting type: Table cut-out installation
- Cut-out size required: 160 x 80 mm
- Dimensions: 160 x 80 x 28 mm

What is the Delock 66856 cable grommet used for?

The Delock 66856 is used to route and organize cables through a desk or table surface. It helps maintain a tidy workspace while allowing power, data and AV cables to pass neatly through a 160 x 80 mm cut-out.

Does this cable grommet help prevent dust entering the desk?

Yes. The integrated brush insert reduces open gaps around cables, helping to limit dust and debris from entering the desk cavity while still allowing flexible cable movement.

What types of cables can be used with this grommet?

The grommet supports common office and home cables including power cords, HDMI cables, DisplayPort cables, USB cables and network cables, provided they fit through the brush opening.

Is the Delock 66856 suitable for office desks?

Yes. It is designed for professional environments such as offices, boardrooms, reception areas and home workstations where clean cable management is required.
