Specifications

Summary Overview:

The Dell Inspiron 15 3530 combines a 13th Gen Intel Core i5 processor, 16GB RAM and a 512GB SSD for responsive everyday computing, business tasks, study and multitasking. Its 15.6-inch Full HD display, Windows 11 Pro, Wi-Fi 6 and built-in webcam make it a practical choice for work, learning and entertainment. Buy now for a capable Dell laptop suited to modern productivity.

Online feedback on the Inspiron 15 3530 is generally positive among students, home users and office buyers, with reviewers commonly praising its speed, everyday performance, display and ease of use. Some owners mention fan noise, battery performance and limited connectivity as areas to consider, while the series is generally regarded as a solid productivity laptop.

Laptop performance tier:Mid-range productivity

Uses:Business, office work, studying, web browsing, video conferencing, streaming, multitasking, light content creation, light gaming

Overview:

Dell Inspiron 15 3530 15.6-inch Laptop

The Dell Inspiron 15 3530 is a practical 15.6-inch laptop designed for everyday productivity, home use, study and business tasks. Powered by a 13th Gen Intel Core i5 processor with 16GB of memory and a fast 512GB PCIe SSD, it offers a responsive setup for working with documents, browsing the web, streaming media and handling everyday applications.

The Full HD touchscreen provides a convenient way to interact with Windows 11 Pro, while the built-in FHD webcam makes the Inspiron 15 well suited to video calls and online meetings. Its full-size keyboard with a separate numeric keypad is also useful when working with spreadsheets, documents and numbers.

Dell Inspiron 15 3530 for Everyday Productivity

The Intel Core i5-1335U processor combines 2 performance cores with 8 efficient cores, helping the laptop balance everyday performance and power efficiency. With 16GB of DDR4 memory and a 512GB PCIe SSD, applications can load quickly and there is ample storage for work files, documents, photos and other content.

Intel Iris Xe Graphics handles everyday visual tasks, multimedia and general Windows applications without the need for a dedicated graphics card.

Features:

15.6-inch Full HD Touchscreen

The 15.6-inch Full HD display delivers a 1920 x 1080 resolution for clear text, images and video. The capacitive multi-touch screen adds another convenient way to navigate Windows and interact with compatible applications.

ComX Computers

Product Specification Sheet

Dell ComfortView software is included to help reduce blue light emissions, making extended viewing more comfortable.

Designed for Work and Study

The Inspiron 15 3530 is suitable for a wide range of everyday tasks, including:

- Office applications and documents
- Online learning and research
- Web browsing and email
- Video conferencing
- Spreadsheet and accounting work
- Streaming movies and music
- General home and business use

Military-grade testing helps provide additional durability, while the built-in Trusted Platform Module provides an added layer of security for stored data.

Convenient Keyboard and Ergonomic Design

The full-size keyboard includes a separate numeric keypad and calculator hotkey, making it useful for data entry and number-heavy work. The lift hinge creates a practical typing angle that can provide improved wrist comfort during longer working sessions.

Stay Connected

A selection of built-in connectivity options makes it easy to connect accessories and external devices. The laptop includes USB Type-A, full-function USB Type-C, USB 2.0 and HDMI connectivity, along with an SD card reader and headset connection.

Wi-Fi 6 and Bluetooth provide convenient wireless connectivity for networks, peripherals and compatible devices.

Webcam for Video Calls

The built-in FHD webcam is well suited to online meetings, video calls and remote learning. It provides a convenient way to stay connected without requiring a separate external camera.

Efficient Cooling and Charging

Dell adaptive thermal technology helps the Inspiron 15 adjust its power and thermal performance according to how and where it is being used. ExpressCharge can recharge the battery to up to 80% in around 60 minutes under supported conditions, helping reduce time spent connected to a power outlet.

Windows 11 Pro Laptop

The Dell Inspiron 15 3530 comes with Windows 11 Pro, making it suitable for users who need a modern operating system for business, productivity and everyday computing.

With its 13th Gen Intel Core i5 processor, 16GB RAM, 512GB SSD, Full HD touchscreen, numeric keypad and wide range of connectivity options, the Dell Inspiron 15 3530 is a versatile laptop for work, study and general everyday use.
