

DS-K7P04

Hikvision no Touch sensor on Stainless Steel panel

Product Overview

Hikvision no Touch sensor on Stainless Steel panel, 90 x 35 x 37.7mm dimensions, 1A @ 30VDC current rating, NO/NC/COM contact

Specifications

Overview summary:

The **Hikvision DS-K7P04 Exit & Emergency Button** is a reliable and durable security accessory designed for safe and easy door release in emergency situations. Featuring a **stainless steel panel** for long-lasting use and a sleek design, this button is an upgraded version of the DS-K7P03 with an improved label "T" for better identification. Compact in size at **90 x 35 x 37.7 mm**, it fits seamlessly into a variety of narrow doorframes, making it ideal for commercial and residential security setups.

Built to withstand heavy use, the DS-K7P04 has passed rigorous aging tests with over one million operations, ensuring dependable performance. It supports a **current rating of 1A at 30 VDC** and offers flexible wiring options with **NO/NC/COM output contacts**. Suitable for a wide range of access control systems, this emergency button provides a trusted solution for quick exit and safety compliance in South African security environments.
