Overview:

Dell EC27250 27 Inch Full HD Touch All-in-One Desktop PC

The Dell EC27250 All-in-One desktop combines modern design, strong everyday performance, and immersive entertainment features into a streamlined 27 inch system built for both work and home use. Equipped with a Full HD IPS touchscreen display, Intel Core 7 processing power, fast DDR5 memory, and a spacious SSD, this desktop delivers smooth multitasking, responsive computing, and a clutter-free workspace.

Its slim profile and compact stand design make it ideal for home offices, study areas, reception desks, and multimedia setups where space efficiency matters without compromising on performance.

Description:

The Dell EC27250 All-in-One Touch Desktop is designed for users who want powerful productivity, vibrant visuals, and simplified connectivity in a single elegant system. Powered by the Intel Core 7 150U ten-core processor with turbo speeds up to 5.4GHz, this all-in-one PC handles multitasking, business applications, entertainment streaming, and daily computing with ease. The 27 inch Full HD touchscreen display delivers sharp visuals and accurate colour reproduction, while Dolby Atmos

audio and the HDR-enabled 5MP IR camera enhance video calls and media experiences. With 16GB DDR5 RAM, a fast 1TB PCIe SSD, WiFi 6 connectivity, and Windows 11 Pro, the Dell EC27250 offers a reliable and modern computing solution for professional and personal environments.

Features:

Built for Productivity and Entertainment

Powered by the Intel Core 7 150U processor with 10 cores, the Dell EC27250 delivers fast response times and dependable performance across demanding workloads. Whether managing office applications, attending online meetings, editing documents, or streaming high-definition content, the system remains responsive and efficient.

The combination of 16GB DDR5-5200 memory and a 1TB M.2 PCIe SSD provides rapid boot times, smooth multitasking, and ample storage capacity for business files, media libraries, and software applications.

Key hardware highlights include:

- Intel Core 7 150U ten-core processor with turbo boost up to 5.4GHz
- 16GB DDR5-5200 memory
- 1TB M.2 PCIe SSD storage
- Windows 11 Pro operating system
- Integrated WiFi 6 and Bluetooth connectivity

Immersive 27 Inch Full HD Touchscreen

The 27 inch Full HD IPS touchscreen display delivers vivid image quality with excellent viewing angles and accurate colour performance. With 99% sRGB colour coverage and improved contrast levels, the screen is ideal for productivity tasks, content streaming, web browsing, and creative work.

Dell ComfortView Plus technology helps reduce harmful blue light exposure, making extended work sessions more comfortable on the eyes. The higher refresh rate also contributes to smoother visual performance during scrolling and video playback.

Display advantages include:

- 1920 x 1080 Full HD resolution
- IPS touchscreen panel
- Narrow border design
- 99% sRGB colour coverage
- Enhanced contrast and smooth refresh performance
- Dell ComfortView Plus eye comfort technology

Clear Video Calls and Premium Audio

The integrated 5MP IR camera with HDR support delivers clear video quality even in challenging lighting conditions. The adjustable tilt mechanism allows users to position the camera for better framing, while the pop-up design provides additional privacy when not in use.

Dual speakers enhanced with Dolby Atmos spatial sound create immersive audio for meetings, music, movies, and video streaming.

Audio and camera highlights:

- 5MP IR HDR webcam
- Adjustable viewing angle
- Pop-up privacy camera design
- Dual integrated speakers
