Performance tier:Premium

Uses:Key organization, daily commuting, travel, bag attachment, quick access

Overview:

EVERKI EKF550 Quick Release Keychain for Bags

The EVERKI EKF550 Quick Release keychain is a magnetic key holder designed for effortless access and secure storage. Using a FIDLOCK magnetic fastener, this two-part system keeps your keys organized while allowing one-handed operation. Perfect for daily use, it is compatible with all EVERKI bags and most other bags that have a loop for attachment.

Description:

This quick-release keychain combines convenience with reliability. The dock attaches to a bag loop, while the key module stays on your keyring, making it easy to snap in and release keys in seconds. The FIDLOCK magnetic closure ensures a secure hold, and its universal design works with any bag featuring a loop. Ideal for commuters, travelers, and anyone looking to streamline key access.

Features:

Quick Access with Magnetic Closure

- One-handed operation for fast key retrieval
- Strong magnetic hold prevents accidental detachment
- Smooth, durable design built for daily use

Two-Part Design for Practical Use

- Dock attaches securely to any bag loop
- Key module stays on your keyring for easy separation
- Snap in and pull sideways to release keys instantly

Compatibility Across Bags

- Works with all EVERKI bags equipped with a key-hook
- NEW Onyx Navy models include a dedicated loop for simultaneous use with standard key leashes
- Compatible with non-EVERKI bags as long as a loop is available

Durable and Reliable Everyday Solution

- Crafted for repeated use without wear

ComX Computers

Product Specification Sheet

- Compact and lightweight design for minimal bulk
- Ideal for commuting, travel, or daily organization
