Specifications

Overview summary:

The **Sharp EL-2607V Premium fast Printer Calculator** is an efficient and reliable tool designed for quick and accurate calculations. Featuring a clear 12-digit Digitron display and a fast printing speed of up to 4.3 lines per second, this calculator supports essential functions such as mark up, average, and add or subtract tax. It prints in two colours - black and red - providing clear, easy-to-read results on standard 58 x 80 mm paper rolls.

This AC powered calculator also includes a mains backup with an automatic power-down feature, ensuring uninterrupted use and energy efficiency. Its compact design, measuring 327 x 221 x 78 mm and weighing just 2 kg, makes it suitable for office desks or retail counters, while the ink ribbon ensures durable printing without the need for an ink roller.

This product is ideal for business professionals, accountants, retailers, and anyone needing fast, accurate, and easy-to-read printed calculations. Users in finance and tax industries will especially benefit from its tax calculation and markup features, making it a versatile addition to any workspace.

South African buyers looking for a dependable, high-speed printing calculator should consider the Sharp EL-2607V for its **fast printing speed, dual-colour print, and tax functions**. Order now to improve productivity and ensure precise printed calculations with trusted local warranty and support.

Overview:

12 Digit Printing Calculator with a printing speed of 4.5 lines per second. Includes a mark up function, average and add or subtract tax functions. It has a 2 colour print.
