The Sharp EL-T3314 printing calculator offers switchable 14- and 10-digit thermal printing for clear, precise calculations. Ideal for accountants, office use, and students, it combines reliability and ease of use in a compact design perfect for professional tasks.

Specifications

Overview summary:

The Sharp EL-T3314 is a reliable printing calculator ideal for professionals requiring accurate, printed calculations. It features a 14-digit thermal print display with the ability to switch between 14-digit and 10-digit modes, offering versatile readability and precision. The larger font size in 10-digit mode improves print clarity, making it perfect for accountants, office workers, and students handling complex calculations.

Calculator tier: Mid-range professional
Uses: Accounting, finance, office work, education
