confidential collaboration.

Features:

Transform Ideas into Actionable Plans

EdrawMind simplifies project management by turning intricate concepts into structured diagrams. Ideal for South African businesses, analysts, and creative teams, it streamlines brainstorming, project planning, and milestone tracking. Its integration as Gantt chart software ensures teams stay aligned on tasks and deadlines.

Simplify Data Visualization

Visualize complex data sets with ease using EdrawMind. Its unlimited topics and multiple sheets allow comprehensive project breakdowns, giving teams clarity for informed decision-making. Customizable charts and diagrams make presenting data simple and effective. Use it to track progress and manage projects visually.

Tailor Diagrams to Your Needs

Choose from 22 layouts and 47 pre-set themes to create diagrams that reflect your brand. Add custom themes, rainbow styles, hand-drawn effects, unlimited clipart, and third-party images. EdrawMind lets you create unique mind maps and Gantt charts without limitations.

Effortless File Management and Sharing

Import files from MindManager, FreeMind, EdrawMax, Word, HTML, and Markdown. Export your work in multiple formats-Word, Excel, PPT, HTML, SVG-without watermarks. This ensures professional outputs every time, making EdrawMind fully compatible with other project and Gantt chart software.

Boost Productivity with AI Tools

Leverage integrated AI features, including 500 tokens for brainstorming and OCR capabilities. Automate repetitive tasks, enhance creative workflows, and extract valuable insights from your data. These tools help teams generate ideas, plan events, and optimise project management efficiently.

Secure Collaboration and Cloud Storage

Share diagrams safely with link expiration settings, password management, and encryption. Enjoy 1GB of cloud storage for team collaboration while keeping sensitive data protected. Maintain security across mind maps and Gantt charts for peace of mind.
