## Specifications

**Summary Overview:**

The Microsoft Surface Pro 12 Copilot+ PC is a lightweight 2-in-1 device designed for professionals, students and mobile users who need powerful performance in a compact form factor. Powered by the Qualcomm Snapdragon X Plus processor with 16GB LPDDR5x memory and a 256GB UFS drive, it delivers responsive multitasking, AI-enhanced productivity and all-day portability. Buy now and enjoy a premium Windows 11 Pro experience with a vibrant 12-inch PixelSense touchscreen, Wi-Fi 7 connectivity and USB-C versatility.

Reviews of the Surface Pro 12 series are generally positive, with buyers praising its lightweight design, long battery life,

excellent display and quiet operation. Business users, students, frequent travellers and hybrid workers particularly appreciate its portability and AI-powered productivity features, while creative note-takers benefit from optional Surface Pen support. Microsoft+1

**Laptop performance tier:**Upper Mid-Range AI Productivity

**Uses:**Office productivity, business applications, web browsing, video conferencing, AI-assisted workflows, document editing, presentations, remote work, media streaming, note-taking, light photo editing

**Overview:**

**Microsoft Surface Pro 12 Copilot+ PC**

The Microsoft Surface Pro 12 is a lightweight and versatile 2-in-1 notebook built for professionals who need portability, productivity and AI-powered performance. Powered by the Qualcomm Snapdragon X Plus processor and Windows 11 Pro, it delivers a responsive experience whether you are working in the office, at home or on the move.

Designed to switch effortlessly between tablet and laptop use, the Surface Pro 12 features a built-in adjustable kickstand, a vibrant 12-inch touchscreen and advanced AI capabilities that help you work smarter throughout the day. Please note that the keyboard and Surface Slim Pen are sold separately.

**Description**

Built for modern business users, the Microsoft Surface Pro 12 combines portability with intelligent performance. The Snapdragon X Plus processor and integrated AI engine provide fast everyday computing while enabling advanced on-device AI experiences. Whether you are multitasking, attending online meetings or creating content, this Copilot+ PC is designed to keep up with your workflow.

Its slim and lightweight design makes it easy to carry, while the adjustable kickstand lets you work comfortably from almost any location. The responsive touchscreen supports touch, voice and optional pen input, giving you the flexibility to work the way you prefer.

**Features:**

**Designed for Productivity**

The Surface Pro 12 helps increase efficiency with Microsoft Copilot integration, Windows 11 Pro and a dedicated AI NPU capable of accelerating AI-powered applications. It is built to handle business tasks while delivering smooth multitasking and excellent mobility.

**Portable 2-in-1 Design**

Use the Surface Pro as a tablet or pair it with the optional Surface Pro Keyboard for a traditional laptop experience. The slim bezels, lightweight construction and adjustable kickstand make it ideal for travel, meetings and remote work.

**AI-Enhanced Collaboration**

Take advantage of AI-powered video conferencing with the Surface Studio Camera and Windows Studio Effects. These intelligent tools help improve video calls by enhancing image quality and reducing distractions during online meetings.

**Microsoft Security**

Built as a secured-core PC, the Surface Pro 12 includes Microsoft chip-to-cloud security to help protect business data and provide a secure computing environment for professional users.

**Built for Modern Work**

Whether you are working from the office, travelling between meetings or managing tasks remotely, the Surface Pro 12 delivers the flexibility needed for today's hybrid workplace. Its efficient Snapdragon X Plus processor provides a balance of performance, battery life and mobility.

**Optional Accessories**

- Surface Pro 12 Keyboard available separately.
- Surface Slim Pen available separately.
- Surface USB4 Dock available separately for expanded connectivity and external display support.

### Highlights

- Qualcomm Snapdragon X Plus processor.
