Overview:

X301G Entry Level IP Phone: High-Quality Business Communication Made Easy

The Fanvil X301G is a cost-effective, entry-level IP phone designed for businesses seeking reliable and high-performance communication. Equipped with a user-friendly interface, the X301G supports multiple SIP lines, HD audio, and powerful networking capabilities, all in one compact device. It's built to handle day-to-day communication needs while ensuring clarity and efficiency. Ideal for small and medium-sized businesses, this phone is a perfect choice for any office setup.

Product Description:

The Fanvil X301G offers a seamless communication experience with its 2.3-inch dot-matrix display, delivering essential information with ease. Users can manage up to two SIP lines and conduct local six-party audio conferences. The phone's HD audio quality ensures clear and crisp voice communication, making it suitable for both internal and external calls. Dual Gigabit Ethernet ports provide high-speed network connectivity and the integration of Power over Ethernet (PoE) simplifies setup by eliminating the need for additional power adapters.

Features:

Key Benefits of the X301G IP Phone

- Dual Gigabit Ethernet Ports:The X301G comes equipped with two 10/100/1000 Mbps Ethernet ports, allowing for seamless high-speed networking.
- HD Audio:Enjoy crystal-clear voice communication for every call with HD audio technology, ensuring a superior audio experience.
- User-Friendly Display:The 2.3-inch 128 x 48 pixel dot-matrix display provides easy navigation and access to all essential phone functions.
- PoE Support:The integrated Power over Ethernet (PoE) capability allows for easier installation by using a single cable for both power and data transmission.
- Local 6-Party Conferencing:The X301G supports up to six-party audio conferencing, making it perfect for collaborative communication in teams or with clients.

Why Choose the Fanvil X301G for Your Office

This entry-level IP phone is an excellent solution for businesses looking to streamline their communication systems without compromising on quality or functionality. With its simple interface and advanced features, it can support a variety of business environments, from small startups to growing enterprises. The X301G is perfect for any company that needs reliable, high-quality, and cost-effective telephony solutions.

Ideal for offices, call centers, and home offices, the X301G ensures clear conversations, easy setup, and long-term value.
