Overview Summary

Adata UV150 32GB USB 3.0 Flash Drive - Glossy Black

The Adata UV150 32GB USB Flash Drive combines dependable performance with a stylish glossy black finish for convenient everyday data storage. Its USB 3.0 interface delivers fast file transfers while maintaining full compatibility with older USB 2.0 ports, making it suitable for both modern and legacy computers.

ComX Computers

Product Specification Sheet

Designed with a practical snap-on cap that attaches to the rear of the drive during use, the UV150 helps reduce the risk of losing the cap. It supports Windows, Linux, and Mac OS systems and includes downloadable ADATA utilities such as OStoGO and UFDtoGO, together with a 60-day Norton Internet Security trial.

Performance tier:Entry-level USB 3.0 flash storage

Uses:File storage, document transfer, photo storage, music storage, video storage, backups, school, office, home, portable data

Overview

The UV150 combines a classic look with economical pricing, a SuperSpeed USB 3.0 interface, and an attractive pearlescent exterior. Arriving in colors of striking scarlet and glistening onyx, its minimalist and modern design make it a fashionable and practical accessory both in and out of town.

Description

The Adata UV150 32GB USB 3.0 Flash Drive is designed for users who need reliable portable storage with fast transfer performance. Its USB 3.0 interface provides read speeds of up to 90 MB/s and write speeds of up to 20 MB/s, helping reduce the time required to copy large files, photos, videos, and documents.

The glossy black finish gives the drive a clean, professional appearance while the lightweight and compact design makes it easy to carry in a pocket, laptop bag, or backpack. The snap-on protective cap can be attached to the rear of the drive while in use, helping prevent accidental loss.

With USB 2.0 backwards compatibility, the UV150 works with both newer and older computers. It supports Windows, Linux, and Mac OS operating systems, making it suitable for students, professionals, business users, and home users. Included ADATA software utilities such as OStoGO and UFDtoGO add extra functionality, while the bundled 60-day Norton Internet Security trial provides additional value.

Features

The UV150 delivers reliable portable storage with practical everyday usability.

- 32GB storage capacity for everyday files.
- USB 3.0 interface for faster file transfers.
- USB 2.0 backwards compatible.
- Read speed up to 90 MB/s.
- Write speed up to 20 MB/s.
- Glossy black finish.
- Snap-on cap with rear cap holder.
- Compact and lightweight design.
- Compatible with Linux and Mac OS.
- Supports Windows operating systems.
- Includes OStoGO utility.
- Includes UFDtoGO utility.
- Includes 60-day Norton Internet Security trial.

SuperSpeed Super Value!

Now there is no reason to shy away from the higher cost of the USB 3.0 interface. The DashDrive UV150 brings the convenience and speed of premium USB drives to budget-minded consumers.

Smarter Design

A handy snap-on cap design keeps the drive cap safe and snug on the rear of the device, preventing the cap from

disappearing, as well as looking pretty cool.

Glossy and Mobile

The glossy surface of the UV150 will catch eyes and turn heads, and a broad lanyard slot at the base of the drive allows for use with a wider range of carrying straps than is often seen in USB Flash drives.

What's in the Box

- 1 x Adata UV150 32GB USB 3.0 Flash Drive - Glossy Black
- Quick start documentation

Specifications

Capacity	32GB
Color	Black

Remark	1. Performance may vary due to variations in platforms and application tools.
	2. Please note that USB Implementers Forum recently rebranded USB 3.2 Gen1 to USB 5Gbps.
	3. * Please note : Some of the listed capacity on a flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products.

FAQ

What devices are compatible with the Adata UV150 32GB USB Flash Drive?

The drive is compatible with computers that have USB 3.0 or USB 2.0 ports. It supports Windows, Linux, and Mac OS operating systems.

Does the flash drive work with USB 2.0 ports?

Yes. The USB 3.0 interface is fully backwards compatible with USB 2.0 ports. Transfer speeds will be limited to USB 2.0 performance when connected to a USB 2.0 port.

What is the maximum transfer speed?

The drive offers read speeds of up to 90 MB/s and write speeds of up to 20 MB/s when connected to a compatible USB 3.0 port. Actual performance may vary depending on the host system and file types.

Can I use this flash drive for everyday backups?

Yes. The 32GB capacity is suitable for backing up documents, presentations, photos, music, and other important files. It is
