Description

The ADATA UV150 64GB USB 3.0 Flash Drive is designed to provide dependable portable storage for personal, educational, and business applications. Its compact size makes it easy to carry in a pocket, laptop bag, or workstation setup while offering enough capacity for everyday digital content.

Equipped with a USB 3.0 interface, the UV150 delivers faster file transfers than older USB standards, making it suitable for moving documents, presentations, photos, videos, and software files. The drive remains compatible with USB 2.0 ports, allowing it to function with both newer and legacy systems.

The glossy black finish provides a clean professional appearance, while the snap-on cap helps protect the USB connector from dust and damage during transport. Support for Linux and Mac OS systems ensures flexibility across multiple platforms. Additional software utilities such as OStoGO and UFDtoGO add functionality for users who require portable computing and file management tools.

SuperSpeed Super Value!
Now there is no reason to shy away from the higher cost of the USB 3.0 interface. The DashDrive UV150 brings the convenience and speed of premium USB drives to budget-minded consumers.

Smarter Design
A handy snap-on cap design keeps the drive cap safe and snug on the rear of the device, preventing the cap from disappearing, as well as looking pretty cool.

Glossy and Mobile
The glossy surface of the UV150 will catch eyes and turn heads, and a broad lanyard slot at the base of the drive allows for use with a wider range of carrying straps than is often seen in USB Flash drives

Backup ToGo Smart Backup Software
Backup ToGo uses an algorithm to back all your data intelligently and with ease. Set your desired backup schedules and never worry about data loss again! What's more, Backup ToGo features a cloud backup function, which supports backup onto the cloud, local hard drives, and even on mobile devices. With Backup ToGo, users can enjoy a tool with an intuitive interface that makes data backup a snap!
