Product Overview

Hisense LEDN40A4Q FHD 60hz SMART TV; Game Mode; Natural Colour Enhancer; Dolby Audio; Share to TV; Noise Reduction *TV license required*

Specifications

Overview summary:

The Hisense A4Q 40" Full HD Smart TV delivers crystal-clear visuals, rich Dolby Audio, and smooth performance with its 60Hz panel and Game Mode for responsive gaming. Featuring Natural Colour Enhancer, Noise and Depth Reduction, and AI Sports Mode, this TV enhances every viewing experience, from sports to movies. Built on the intuitive VIDAA smart OS, it offers fast access to your favorite content with Share-to-TV convenience, HDMI and USB connectivity, and support for DTS Virtual:X surround sound. Ideal for modern homes, it's a stylish, high-value entertainment hub that fits your space and your lifestyle.

Monitor tier:Mid-range Smart TV.

Uses:Home entertainment, sports viewing, casual gaming, and streaming.

Features

Full HD resolution for crystal-clear viewing

Experience the brilliance of Full HD resolution with Hisense TVs. Whether you're watching your favorite shows or streaming movies, the sharp visuals, wide viewing angles, and vibrant color spectrum deliver consistently clear, immersive entertainment every time.

High contrast for deeper blacks and brighter whites

Hisense's high contrast technology enhances every scene by delivering deeper blacks and radiant whites. Whether it's a dark night scene or a bright landscape, enjoy exceptional detail and dynamic visuals that bring every frame to life.

Natural colour enhancer for lifelike image quality

Bring your favorite nature scenes and colorful moments to life with Hisense's Natural Colour Enhancer. Greens appear lush, skies vibrant, and every detail feels more realistic-just like viewing it in real life.

Advanced noise reduction technology

Tired of blurry or grainy visuals? Hisense's noise reduction feature cleans up each frame for smoother, clearer video playback-perfect for fast-paced action or dimly lit scenes where clarity counts most.

Depth enhancer for realistic visuals

Step into a new dimension of realism with the Depth Enhancer. From rich backgrounds to vivid foregrounds, this feature adds dynamic layering to your viewing experience, giving your content a more natural and lifelike feel.

AI sports mode with enhanced motion and sound

AI Sports Mode optimizes motion handling and sound clarity to deliver a stadium-like viewing experience. Fast movements remain sharp, while crowd noise and commentary sound more vibrant and realistic-perfect for game day.

DTS-X and Dolby Audio for cinematic sound

Enhance your home entertainment with premium audio technology. Hisense TVs with DTS Virtual:X and Dolby Audio deliver crystal-clear dialogue, rich surround sound, and immersive depth for movies, sports, music, and more.

Low-latency game mode for ultra-responsive gaming

Gain a competitive edge with Hisense's Game Mode, reducing input lag to just 16ms. Enjoy lightning-fast response times and seamless gameplay-perfect for action-packed titles and competitive multiplayer games.

Seamless content sharing with Share to TV

Switch from small screens to the big screen effortlessly. Hisense's Share to TV feature allows you to stream or mirror content from your mobile device to your TV, offering a more convenient and enjoyable way to share videos, photos, or apps.

Smart OS powered by VIDAA

Hisense's VIDAA Smart TV platform brings all your favorite content together in one personalized interface. Discover trending shows, apps, and streaming services tailored to your preferences with a fast, intuitive layout designed for effortless control.

Robust connectivity for expanded entertainment

Stay connected with multiple HDMI ports, USB inputs, and built-in Wi-Fi. Whether you're adding soundbars, gaming consoles, or external drives, Hisense TVs provide the connectivity options to build your perfect entertainment setup.
