Hikvision AX Pro Wireless Outdoor Sounder - 868 MHz

Ensure top-level security for your property with the Hikvision AX Pro Series Wireless Outdoor Sounder. Designed for reliable performance and easy installation, this outdoor alarm combines robust protection with smart wireless technology.

Features:

Key Features of the Hikvision Outdoor Sounder:

- 868 MHz two-way wireless communication for stable and secure connectivity

ComX Computers

Product Specification Sheet

- Long-lasting battery life of up to 3 years (based on bi-weekly triggers and 90-second alerts)
- AES-128 encryption ensures data protection and secure signaling
- Tamper-proof design with secure front and rear panels
- Three distinct alarm modes: fire, panic, and intrusion
- Powerful 110 dB buzzer to alert you and deter intruders
- Fully configurable via the dedicated mobile app
- Flexible installation with multiple enrollment options
- Frequency hopping technology prevents signal jamming
- Weather-resistant with IP65 protection, suitable for outdoor use

Performance and Reliability

The Hikvision AX Pro Sounder offers reliable wireless transmission with a range of up to 1.6 km in open areas. Its high-decibel buzzer guarantees immediate attention during emergencies, while its durable, IP65-rated housing protects against dust and rain.

Easy Installation and Smart Configuration

Installation is simple and adaptable, with multiple enrollment methods available. Remote configuration through the Hikvision app allows you to manage settings and monitor alerts without physical adjustments.

Ideal Applications

Perfect for residential, commercial, and industrial properties, this outdoor sounder provides peace of mind with high-performance alerts and long-term reliability. Its versatile alarm modes make it suitable for fire, panic, or intrusion scenarios.
