Performance tier:Mid-range

Uses:Home entertainment, office presentations, education, digital signage, in-vehicle entertainment, hospitality, retail displays

Overview:

21.5" Android Touchscreen Media Centre with LTE and WiFi

Bring entertainment, productivity, and connectivity together in one sleek device. The 21.5-inch Android Touchscreen Media Centre offers a full HD display, LTE and WiFi support, and versatile use for home, office, education, and business environments. Its modern design and included desk stand make it ready to use right out of the box, while the car power adapter allows mobile and in-vehicle applications.

Description:

This all-in-one media centre combines a 21.5-inch Full HD touchscreen with Android 11, 2GB RAM, and 32GB storage, expandable via MicroSD. Stream movies, run apps, or present content effortlessly. Built-in stereo speakers deliver clear sound, and multiple connectivity options including LTE, WiFi, and Bluetooth ensure you stay connected anywhere. Dual power options allow use at your desk or on the go, making it ideal for both personal and professional use.

Features:

Clear Display and Responsive Touch

Enjoy crisp 1920x1080 Full HD visuals for movies, apps, browsing, and presentations. The touchscreen interface is highly responsive, making navigation intuitive and smooth for users of all ages.

Smart Android Functionality

Access apps, streaming platforms, and games through Google Play Store with Android 11. Whether for entertainment, work, or education, this device supports seamless multitasking and app integration.

Always Connected

Stay online wherever you are. LTE, WiFi, and Bluetooth connectivity ensure uninterrupted streaming, browsing, and file sharing. Perfect for remote work, digital signage, or interactive learning.

Compact All-in-One Design

No additional PC or hardware is required. The slim, portable design includes a desk stand and offers a clutter-free setup for any environment, from home living rooms to corporate offices.

Versatile Use

This media centre works in a variety of settings:

- Home entertainment: Stream Netflix, YouTube, and music
- Business and office: Video conferencing, presentations, and collaboration
- Education: Interactive e-learning and classroom activities
- Retail and signage: Digital menus, product displays, and promotions
- Hospitality and healthcare: Guest information and waiting-room entertainment
- In-vehicle entertainment: Movies, apps, and games during travel

Enhanced Sound and Performance

Built-in 2x 3W stereo speakers deliver clear and powerful audio. With 2GB RAM and 32GB storage, multitasking is smooth, and additional space can be added via MicroSD.

Flexible Power Options

Use the device at a desk with the AC adapter or on the go with the car power adapter. Its portability allows it to serve as an
