Specifications

Features:

Quantum Dot Colour

Experience all shade of richer & life-like colours with Samsung's Eco-Friendly Quantum Dot technology. SHUD TV shows 64X the colour expression of Samsung's conventional TVs.

HDR 1000

See the sunlight in its full radiant glory, and find the smallest details in the darkest shadows with HDR 1000. Now you'll see every scene come to life right in your living room.

Bezel-less 360 Design

The SUHD TV uses an infinity design and metallic contour to make the screen float, immersing you deeper into the content. The minimalist stand and clean back are the essence of refined elegance and craftsmanship.

Curved Screen

The gentle curve on Samsung's Curved TV helps you be right in the middle of the action, providing a wider field of view and uniformed viewing distance from your vantage point.

UHD Resolution

Experience vivid detail with 4X the resolution of Full HD TV. Everything you watch will look better thanks to true-to-life colour

and brightness.

Auto Depth Enhancer

Auto Depth Enhancer applies various levels of contrast to different area on the screen to give image outstanding depth. Experience immersive viewing on your TV screen.

SUHD Remastering Engine

Samsung's SUHD remastering engine automatically analyses and remasters non-SUHD content, so it can be displayed as close to what's intended by the content creator.

Supreme UHD Dimming

UHD Dimming technology provides optimised contrast, colour and sharpness for true-to-life image quality. More intricate than the existing Micro Dimming, it's a viewing experience like never before.

Quick and Single Access to all Content Sources

New Smart Hub provides single access point to Live TV, Games and more . Users can access to their favourite content as soon as they turn on the TV. *Requires Internet access. May not be available in all languages or areas.

Easily share your content to TV

Take pictures, videos and music from your mobile and PC to your Smart TV using the Samsung Smart View app. It gives you amazing convergence and easy connectivity, with majority of personal devices.

Faster speeds, stronger performance

The powerful Quad Core Processor speeds up your Samsung Smart TV so it reacts to commands and running apps instantly. It also gives you the speed to enjoy multitasking.

Accelerate your Smart TV with Tizen

Tizen takes Smart TV performance to another level with faster boot times and quick access to Live TV and all your apps. It even provides support for popular local VOD apps for optimised TV viewing.

Plug your entertainment into the TV

Using ConnectShare, you can watch a variety of content in one simple step. Just plug your USB or HDD into the TV and enjoy your movies, music, and pictures on the big screen.

Create your own entertainment space

Samsung TVs support HDMI inputs, which lets you create a multimedia entertainment centre in your own living room. Connect HDMI straight into your TV to view various contents from multiple devices.
