Whether you're storing apps or multimedia files, this microSD card provides the speed and capacity you need. Shop now to enhance your device's performance with reliable, high-speed storage.

Performance tier:High-speed performance, UHS-I interface, A1 app performance

Uses:App storage, photo storage, video storage, mobile devices, action cameras

Overview:

Lexar Blu Plus 32GB MicroSDXC Card - High-Speed Performance for Your Devices

Looking for reliable storage with fast performance The Lexar Blu Plus 32GB MicroSDXC card offers incredible speed and capacity for all your mobile, gaming, and multimedia needs. Designed with the latest UHS-I technology, this card is built for seamless use with a wide range of devices. Enjoy faster read speeds up to 100MB/s, ensuring smooth video playback, quick file transfers, and dependable storage for your photos, apps, and more.

Description:

The Lexar Blu Plus 32GB MicroSDXC card delivers exceptional performance with a read speed of up to 100MB/s, ensuring quick data transfer and efficient file management. With UHS-I support and A1 app performance, this card is optimized for applications, games, and multimedia storage. It is perfect for smartphones, tablets, drones, and cameras, offering fast performance and the reliability you need for everyday use. Whether you're transferring photos, storing apps, or shooting high-definition videos, the Lexar Blu Plus card is built to handle your storage demands.

Features:

Key Benefits

- Fast read speeds of up to 100MB/s for quicker data access and file transfers
- UHS-I interface for improved overall performance
- A1-rated for enhanced app performance
- 32GB capacity, ideal for storing photos, videos, apps, and more
- Compatible with a wide range of devices, including smartphones, tablets, and cameras

Speed and Performance for Mobile Devices

With its impressive read speed, the Lexar Blu Plus 32GB MicroSDXC card ensures that you can access your files quickly, whether you're browsing through photos or streaming videos. The UHS-I interface also boosts the speed, making this card an excellent choice for those needing reliable, high-performance storage for their mobile devices.

Ideal for Gaming and Apps

Thanks to its A1 rating, the Lexar Blu Plus 32GB MicroSDXC card is optimized for faster app loading times and smoother gameplay. This makes it a great option for storing games, apps, and other essential data on your device. Experience reduced lag and faster app launches, allowing you to maximize the potential of your smartphone, tablet, or gaming console.

Reliable Storage for Everyday Use

Whether you're a content creator, gamer, or everyday user, the Lexar Blu Plus card offers the storage and performance you need. Its 32GB capacity provides ample space for your essential files, photos, videos, and apps. The Lexar Blu Plus is built to last, offering durable and long-lasting performance you can count on for all your storage needs.
