Lexar Dual-Slot USB-A/C Reader

Product Overview

Lexar Dual-Slot USB-A/C Reader. Interface: USB-A & USB-C; Dual slot SD + microSD; Up to 205 MB/s transfer; Dimensions: 78x23.4x11.8mm; Weight ~28.5g; Plug-and-play

Specifications

About this product

The (model LRW310X-BNBNG) is a compact, high-speed SD & microSD card reader featuring both USB-A and USB-C interfaces for flexible connectivity. With dual card slots and plug-and-play functionality, it enables swift file transfers at up to 205 MB/s for photo, video and data workflows.

Overview Summary

Performance tier: Mid-to-Pro workflow

Uses: Memory card file transfer, content creator workflow, mobile device backup, dual-slot simultaneous transfer

The Lexar Dual-Slot USB-A/C Reader offers a highly versatile solution for users needing a reliable card-reader with both SD and microSD support. Featuring USB-A and USB-C connectors, this reader works seamlessly with laptops, tablets and compatible mobile devices-making it ideal for photographers, videographers and everyday users who need to move large files

quickly.

With support for transfer speeds of up to 205 MB/s, the device handles high-resolution media efficiently and supports simultaneous use of both card slots so you can transfer SD and microSD cards at the same time. The compact, key-chain-loop design makes it easy to carry and integrate into your workflow wherever you go.

Description

This Lexar Dual-Slot USB-A/C Reader is designed to simplify the process of transferring files from SD and microSD cards to a variety of devices. Its dual-slot architecture enables simultaneous transfer of an SD card and a microSD card, which is especially useful when working with multiple media sources like cameras and drones. The reader supports USB-A and USB-C connectors, making it compatible with modern laptops and mobile devices alike.

Not only is the device built for high performance-offering transfer speeds up to 205 MB/s-but it also incorporates a plug-and-play design with no drivers required, letting you start in seconds. Its lightweight, pocket-friendly design with key-chain loop ensures that you can carry it with ease and integrate it seamlessly into your mobile or desktop workflow.

Features

The Lexar dual-slot card reader packs a range of practical features aimed at making file transfer easier, faster and more flexible.

- Dual card slots allow SD(TM) and microSD(TM) cards to be accessed at the same time for efficient workflow.
- USB-A and USB-C connectors support both legacy and modern devices, giving maximum compatibility.
- Up to 205 MB/s transfer speed reduces wait time when moving large files like 4K video or RAW photo sequences.
- Compact, portable design with key-chain loop for mobility and ease of use on location.
- Plug-and-play with no additional drivers required-works with Windows and macOS out of the box.

Access your files anytime, anywhere
The Lexar Dual-Slot USB- A/C Reader quickly transfers files between your PC and USB-C devices with ease. Featuring an SD(TM) and a microSD(TM) card slot with transfer speed up to 205MB/s, this reader can save you time when accessing your photos and videos on the go.

Quickly transfer your files on the go
The Lexar Dual-Slot USB- A/C Reader provides quick transfer speed up to 205MB/s and are perfectly compatible with Lexar SILVER PLUS SD and microSD memory cards, allowing you to easily access and transfer your files when you need them most.

Easily transfer files between your PC and USB-C devices
With both USB Type-A and Type-C connectors, connecting to your laptop, tablet, or phone to transfer files has never been easier.

Simultaneously transfer files with SD(TM) and microSD(TM) slots
Featuring a dual card slot design, the Lexar Dual-Slot USB-A/C Reader works with SD(TM) and microSD(TM) formats allowing you to easily transfer projects simultaneously.

Stylish and portable design
The Lexar Dual-Slot USB-A/C Reader features a compact and portable design that easily fits in any pocket or bag. And, for added portability, the reader sports a key chain loop to attach to any backpack or key ring.

Rigorously Tested
All Lexar products undergo extensive testing in the Lexar Quality Labs, facilities with thousands of different cameras and digital devices to ensure performance, quality, compatibility, and reliability.

Specifications	
Product Code	LRW310X-BNBNG
Form Factor	Card/USB Reader
Performance	Up to 205MB/s transfer speed
Drivers	No driver required, plug-and-play, hot-plug support
Operating Temperature	0degrees to 40degreesC (32degreesF to 104degreesF)
Storage Temperature	-20degrees to 85degreesC (-4degreesF to 185degreesF)
Dimension (W x L x H)	78mm x 23.4mm x 11.8mm / 3.07" x 0.92" x 0.46"
Weight	0.0628 lbs
Compatibility	Mac OS 10.8+
	Windows 11/10/8/7/Vista/XP
	USB 2.0+ port
Interface	USB 3.2 Gen 1
Connector Type	USB Type-C and USB Type-A

FAQ

Can I use both card slots at the same time?

Yes. The reader supports simultaneous use of the SD and microSD slots, enabling transfer from both media types at once for efficient workflow.

Is the reader compatible with USB-C only devices?

Yes. It features a USB-C connector as well as a USB-A connector, so it works with modern USB-C devices as well as older USB-A systems without need for adapters.

Do I need to install drivers to use the reader?

No additional drivers are required-the device is plug-and-play and supports Windows and macOS out of the box.

What kind of transfer speed can I expect?

The reader supports up to 205 MB/s transfer speed, however the actual rate will depend on the performance of the memory cards and the host system configuration.

Will it work on my Mac or Windows PC?

Yes. The reader supports macOS 10.8 or later and Windows Vista/7/8/10/11 via a USB 2.0 or better port.
