Product Overview

Lexar SL400 Professional Go Silver 2TB Type-C Portable External Solid State Drive. Capacity:2TB; Interface:USB3.2 Gen2 Type-C; Read:1050MB/s; Write: 1000MB/s; Size: 25.5x43.5x8.25mm; Weight:13g; IP65; Drop-resist 1m;

Specifications

About this product

The brings ultra-portable performance with its compact thumb-sized chassis and robust 2 TB capacity, delivering blistering speeds up to 1050 MB/s read and 1000 MB/s write via USB 3.2 Gen 2 Type-C - ideal for creators and mobile professionals needing high-speed, on-the-go storage.

Overview Summary

Product title: Lexar SL400 Professional Go Silver 2TB Type-C Portable External SSD

This high-performance portable SSD offers serious speed and flexibility. With USB 3.2 Gen 2 Type-C interface and read/write performance reaching up to 1050 MB/s and 1000 MB/s respectively, it handles large file transfers, video captures, and backup tasks with confidence.

Built for durability and mobility, the SL400 weighs just 13 g and measures only 25.5 mm x 43.5 mm x 8.25 mm. It features IP65 dust- and water-resistance and supports drop protection up to 1 m, making it a reliable choice when you're working in the field or on set.

Performance tier: High-end portable storage

Uses:large file transfer, 4K video capture, mobile workstation backup, smartphone external storage

Description

The Lexar SL400 Professional Go delivers a compelling blend of portability, speed and ruggedness. With its generous 2 TB capacity, you can store vast libraries of raw footage, high-resolution images, large project files or backup archives and still carry the drive easily in a pocket. Its USB 3.2 Gen 2 Type-C interface ensures modern connectivity and fast transfer performance - ideal for demanding workloads like 4K video editing, large dataset backup and mobile content creation.

Constructed for on-the-go use, the drive's compact dimensions - just 25.5 mm x 43.5 mm x 8.25 mm - and feather-light weight of approximately 13 g make it almost invisible in your workflow. Whether you're shooting with a camera rig, editing on a laptop or working out of a café, this SSD blends strength and mobility. With IP65 protection rating and drop resistance, it holds up well under real-world conditions when you're moving between locations.

Compatibility is broad: plug it into your laptop, tablet, smartphone or camera setup equipped with USB-C and benefit from fast, plug-and-play storage. The silver finish adds a clean, professional aesthetic, making the drive a refined tool in any gear bag. For professionals and enthusiasts alike, the SL400 is an advanced external SSD that doesn't compromise on performance or flexibility.

Features

Explore what makes this portable SSD stand out in both performance and design:

- High-speed interface: USB 3.2 Gen 2 Type-C connection delivers up to 1050 MB/s read and 1000 MB/s write for rapid transfers and smooth playback of large files.
- Ultra-compact form factor: With physical dimensions of 25.5 mm x 43.5 mm x 8.25 mm and weight around 13 g, it's highly portable and ideal for travelling.
- Rugged design: IP65 rating for dust and water resistance plus drop protection up to 1 m ensures durability in various environments.
- High capacity: The 2 TB capacity offers significant space for video editors, photographers and creative professionals who need to move large volumes of data.
- Wide compatibility: Works seamlessly with USB-C devices - including laptops, tablets, smartphones, and editing rigs - for plug-and-play convenience.

- Elegant finish: The silver housing gives the drive a professional look, suitable for studio and field environments.

Pocket-Sized, Powerful Performance
The ultimate in ultra-portable SSDs, this innovative, compact drive plugs right into your phone, and lets you shoot seamless video straight to the drive from your iPhone 15 Pro/ Max or above. Weighing a mere 13 grams but packing a mighty capacity of up to 2TB, this revolutionary drive delivers USB 3.2 Gen 2 performance of 1050MB/s read, 1000MB/s write to capture seamless Apple ProRes 4K FPS video and power through post-production processes right on the drive.

Mini Size, Max Capacity
The Lexar Professional Go Portable SSD measures a mere 1.71" x 0.98" x 0.32" and weighs only 13 grams. About the size of your thumb, it feels practically weightless while offering an incredible capacity of up to 2TB. So you can store more high-res videos and photos and focus on creativity.

Plug-and-Play Convenience
Lexar Professional Go Portable SSD with its cable-free design, plugs straight into your Type-C device. For untethered freedom, use the compact, portable SSD on its own - no cables, no hassles. It also comes with a male to female adapter for maximum versatility.

Easy, On-the-Go, Phone Storage
Expand your smartphone's storage instantly with the Lexar Professional Go Portable SSD. Enjoy seamless data transfers and imagine never worrying about storage limits again. Whether it's raw footage or finished projects, this portable SSD ensures you have all the storage you need, no matter where your creativity takes you.

Highly Compatible
Lexar Professional Go Portable SSD works with mobile phones, tablets, PCs, and many more Type-C devices. Whether you're working on a project or storing important documents, its mini size combined with high performance makes it the perfect companion for all your devices.

Built to Endure, Ready for Adventure
Rated IP65, the portable SSD is solidly dust-resistant and water-resistant, so you can confidently use it in a variety of locations without worry. It is also drop-resistant up to 1m to handle everyday knocks and bumps and comes with a silicone case for superior protection from the outside in.

Built for Speed
With USB 3.2 Gen 2 performance up to 1050MB/s read and 1000MB/s write, the Lexar Professional Go Portable SSD delivers seamless recording of ProRes 4K 60 FPS video from iPhone 15 Pro/Max or above and speeds through backups and post-production work. And the Lexar Professional Go Portable Hub supports transfer speeds up to 10Gbps to improve your workflow efficiency.

What's in the Box

- Lexar SL400 Professional Go Silver 2 TB Portable External SSD with Type-C connector
- Protective silicone sleeve/case (depending on bundle)
- USB Type-C male-to-female and/or male-to-male adapters (depending on region/bundle)
- Label stickers, storage box and strap (bundle version)

Operating Temperature	0degreesC to 50degreesC (32degreesF to 122degreesF)
Storage Temperature	-40degreesC to 85degreesC (-40degreesF to 185degreesF)

FAQ

Q: Will this SSD work with my laptop and smartphone?

Yes. The Lexar SL400 Professional Go uses a USB 3.2 Gen 2 Type-C interface which means it is compatible with modern laptops, tablets and smartphones that support USB-C and external storage. No driver installation is typically required for standard Windows, MacOS, Android or iOS devices.

Q: Can I record high quality video (4K/ProRes) directly to this drive?

Yes. With its high write speed (up to 1000 MB/s) the drive is capable of supporting 4K video workflows such as Apple ProRes on supported devices and offers fast backup and editing performance for large video projects.

Q: Is the drive rugged enough for field-use in Africa or travel?

Yes. With an IP65 rating for dust and water resistance and drop protection up to 1 m, the drive is designed to withstand mobile and outdoor use - ideal for travel or location shooting where conditions may vary.

Q: Do I need to bring any extra accessories or cables?

In many regions the bundle includes a protective silicone sleeve and adapter cables (male-to-male and male-to-female). Check the packaging in your region to confirm. If not included, you may need a compatible USB-C cable and adapter depending on your device.
