

LV-AC09Q

Microworld AC09Q AC3800M Dual Band 5GHz extender

Product Overview

Microworld AC09Q AC3800M Dual Band 5GHz extender, 4 external antennas, Supports - Repeater / Client / Access Point mode, Up to 3800 Mbps Wireless AC Speed

Specifications

Overview Summary:

Improve your wireless coverage with the Microworld AC09Q AC3800 Dual Band WiFi Extender. Designed for homes and offices, it delivers fast dual-band wireless speeds of up to 3800Mbps and supports Repeater, Client and Access Point modes for flexible network expansion. Buy now to enjoy stronger, more reliable WiFi throughout your space.

With four external antennas and support for modern WPA/WPA2 security, the AC09Q helps reduce dead zones and keeps your devices connected for streaming, gaming and everyday internet use. Shop now for an easy way to extend your existing wireless network.

Performance tier:Mid-range

Uses:Extending WiFi coverage, eliminating wireless dead zones, home networking, office networking, HD streaming, online gaming, connecting wireless devices

Overview:

Extend High-Speed WiFi Coverage with the Microworld AC09Q AC3800M Dual Band 5G Extender

Dead zones and weak wireless signals can disrupt streaming, gaming, and everyday browsing. The Microworld AC09Q AC3800M Dual Band 5G WiFi Extender is designed to expand your existing wireless network using modern IEEE 802.11ac technology, delivering stronger, more reliable coverage throughout your home or office.

With support for Repeater, Client, and Access Point modes, this versatile networking device adapts to different installation requirements while delivering wireless speeds of up to 3800Mbps. Four external antennas help improve signal strength and provide wider coverage for connected devices.

Description:

The Microworld AC09Q is a high-performance dual-band WiFi extender that helps eliminate wireless dead zones while improving network coverage and stability. Designed for homes and offices, it supports multiple operating modes, including Repeater, Client, and Access Point, making it suitable for expanding existing networks or creating new wireless access points. With AC3800 wireless performance and four external antennas, it provides fast and dependable connectivity for streaming, gaming, remote work, and everyday internet use.

Features:**Why Choose the Microworld AC09Q**

Whether you need stronger WiFi in distant rooms or more consistent coverage across multiple floors, the AC09Q provides an easy way to extend your existing network. It is well suited for bandwidth-intensive activities such as HD video streaming, online gaming, video conferencing, and connecting multiple wireless devices at the same time.

Its dual-band capability helps deliver improved performance while reducing network congestion, making it a practical solution for busy households and workplaces.

Key Highlights

- Part Number / SKU: LV-AC09Q
- Dual-band Wireless AC3800 connectivity
- Wireless speeds up to 3800Mbps
- Four external antennas for improved signal coverage
- Supports Repeater, Client, and Access Point operating modes
- Compatible with IEEE 802.11a/b/g/n/ac wireless standards
- Supports WPA, WPA2, WPA-PSK, and WPA2-PSK wireless security

Technical Details

- Model: AC09Q
- Product Type: Dual Band 5G WiFi Extender
- Wireless Standard: IEEE 802.11a/b/g/n/ac
- Maximum Wireless Speed: Up to 3800Mbps
- Antennas: 4 external antennas
- Operating Modes: - Repeater Mode
- Client Mode
- Access Point Mode
- Wireless Security: - WPA
- WPA2
- WPA-PSK
- WPA2-PSK

The Microworld AC09Q (SKU: LV-AC09Q) is suitable for extending wireless coverage to smartphones, tablets, laptops, smart TVs, gaming consoles, and other WiFi-enabled devices, helping maintain a stronger and more consistent connection across larger spaces.

What's Included

- 1 x Wireless AC Repeater
- 1 x RJ-45 Network Cable
- 1 x Quick Installation Guide
