Verbatim 32276 Charge 'n' Go 2c Power Bank Magnetic Wireless 5000mAh with 2 USB-C cables & stand - Silver

Product Overview

Verbatim 32276 Charge 'n' Go 2c Power Bank Magnetic Wireless 5000mAh with 2 USB-C cables & stand - Silver, 5000 mAh Battery capacity, USB-C Port + USB-C2 cable Input (PD 3.0), USB-C Port + USB-C2 cable Output (PD 3.0), USB-C3 Output, 2.5W Max Apple Watch Output, 20W Max total PD Output, Charging protocols supported - PD 3.0 / QC 3.0 / Apple 2.4A / BC1.2 / DCP / AFC

Specifications

Overview Summary:

The Verbatim Charge 'n' Go 5000mAh Magnetic Wireless Power Bank is designed for fast, reliable charging wherever you are in South Africa. With built-in USB-C cables, MagSafe-compatible magnetic alignment, and up to 20W PD fast charging, it keeps your smartphone, earbuds, and wearables powered without hassle. Its slim, lightweight design makes it easy to carry daily or during travel.

This all-in-one charging solution supports wireless charging for iPhone, Android, AirPods, and Apple Watch, while also offering multiple wired outputs for maximum flexibility. Whether you are commuting, travelling, or working remotely, it delivers consistent performance and convenience. Buy now or shop now to upgrade your everyday charging experience with dependable portable power.

Performance tier:Mid-tier portable charging solution

Uses:Smartphone charging, wireless charging for mobile devices, travel power backup, charging earbuds and wearables, multi-device simultaneous charging

Overview:

Verbatim Charge n Go Magnetic Wireless Power Bank 5000mAh Silver

Stay powered throughout your day with this compact and versatile portable charger designed for modern devices. The Verbatim Charge n Go power bank delivers reliable backup energy in a slim, travel-friendly design, making it ideal for commuting, travel, or daily use. With a 5000mAh battery capacity and built-in USB-C cables, it eliminates the need to carry extra accessories while ensuring your devices stay charged wherever you are.

Description:

This sleek 5000mAh magnetic wireless power bank offers a practical all-in-one charging solution for smartphones, earbuds, and smartwatches. It supports fast USB-C charging, wireless charging with magnetic alignment, and multi-device power delivery. Integrated cables, a built-in stand, and advanced safety protection make it a convenient and dependable companion for users who need efficient charging on the move.

Features:

Portable Power for Everyday Use

Whether you are heading out for a long trip or just tackling a busy day, this compact power bank ensures your devices stay

ready. Its lightweight design fits easily into your pocket or bag, while the durable construction supports everyday handling.

The integrated USB-C cables provide instant access to charging without the hassle of carrying extras. With the ability to charge multiple devices at once, it is ideal for users with phones, earbuds, and wearables.

Effortless Magnetic Wireless Charging

Enjoy a cable-free experience with magnetic wireless charging that securely aligns with compatible smartphones. This feature is especially useful for iPhone users, while Android devices benefit from Qi wireless compatibility.

Charging output adapts based on your device:

- Up to 15W wireless charging for supported smartphones
- 7.5W typical for iPhones depending on compatibility
- 5W for wireless earbuds
- 2.5W for Apple Watch

The built-in stand adds extra convenience, allowing hands-free viewing in both portrait and landscape modes while your device charges.

Smart Charging with Built-In USB-C Cables

This power bank simplifies your setup with two integrated USB-C cables and an additional USB-C port. It is designed for flexibility and speed, supporting modern fast-charging standards.

Key charging capabilities include:

- USB-C2 cable with up to 20W output and input support
- USB-C3 cable delivering up to 12W for smaller devices
- USB-C port supporting fast charging up to 20W
- Bi-directional charging for powering devices or recharging the power bank

With support for multiple protocols such as PD 3.0 and QC 3.0, it ensures compatibility with a wide range of devices.

Designed for Multi-Device Charging

Power up to four devices simultaneously using a combination of wired and wireless charging options. This makes it ideal for users who carry multiple gadgets or need to share power on the go.

The intelligent power distribution ensures efficient charging without compromising safety or performance.

Technical Details and Key Information

- Part number: M32276
- Battery capacity: 5000mAh / 38.5Wh
- Dimensions: 107 x 69.8 x 14.5 mm
- Weight: approximately 151 g
- Total power delivery output: up to 20W

Charging outputs and performance:

- USB-C PD output: up to 20W
- USB-C secondary cable: up to 12W
- Wireless charging: 5W, 7.5W, 10W, 15W
- Apple Watch charging: up to 2.5W

Supported charging standards:

- PD 3.0

ComX Computers

Product Specification Sheet

- QC 3.0
- Apple 2.4A
- BC1.2
- DCP
- AFC

Safety protections include safeguards against overheating, overcharging, short circuits, and power surges, helping protect both the power bank and connected devices.

Compact, Practical Charging Solution

With its combination of portability, integrated cables, and wireless charging capabilities, this power bank is built for convenience. The inclusion of a stand and magnetic alignment enhances usability, making it more than just a charger.

If you are looking for a reliable and compact charging companion, the Verbatim Charge n Go 5000mAh power bank with SKU M32276 offers a balanced mix of performance, portability, and everyday practicality.

Specifications	
Product Code	M32276
Battery Capacity	5,000 mAh / 38.5 wh / 3.85 V
Product Dimensions (L x W x H)	107 x 69.8 x 14.5 mm
Weight	151 g (approx.)
USB-C Port + USB-C2 Cable Input (PD 3.0)	5V 2.4A, 9V 2A, 12V 1.5A (18W max)
USB-C Port + USB-C2 Cable Output (PD 3.0)	5V 2.4A, 9V 2.2A, 10V 2.25A, 12V 1.67A (20W max)
USB-C3 Output	5V 2.4A (12W max)
Wireless Charging Outputs	5W / 7.5W / 10W / 15W (15W max)
Apple Watch Output	2.5W max
Total PD Output	20W max
Safety Features	FOD, Short Circuit, Over Current, Over Temperature, Over Charge Voltage, Over Discharge Voltage
Charging Protocols Supported	PD 3.0, QC 3.0, Apple 2.4A, BC1.2, DCP, AFC
Working Temperature	0 to 35degreesC
Storage Temperature	-10 to 45degreesC (with charging every 3-4 months recommended)
