Overview:

Expanded Viewing

The Verbatim Portable Monitor gives you an extra dimension for your work and play. You can use it as a second screen for your laptop when you are travelling or giving one-on-one presentations, or to provide a large additional display for your phone, tablet, or portable gaming system. Compact and versatile, the portable monitor gives you ultimate flexibility for increased productivity and entertainment while on the go.

ComX Computers

Product Specification Sheet

The portable 14" display weighs only 540g and has a 6mm slim profile, 12mm at the base, so it fits easily in any travel bag. It's the ideal solution to help you overcome one-screen limitations outside the office, extending your visual experience, anytime and anywhere.

Full HD resolution

Delivering 16.7M colours in 1080p or full HD, the Verbatim Portable Monitor utilizes in-plane switching technology (IPS) to produce a sharper and more accurate picture and wide viewing angle on its 16:9 screen. The built in kickstand enables the monitor to be set up at the angle that suits you best in a position of your choice helping to improve comfort and overall productivity.

The display incorporates high-dynamic range (HDR) technology which improves picture quality - significantly expanding the range of both contrast and colour - giving the image more "depth" and creating a fantastic viewing experience.

One cable connection

The portable monitor connects via USB-C meaning that power, data, and video is all transferred using a single cable. Just connect it to your laptop, Mac, tablet, phone, or console, and start sharing screens!* There is also an HDMI cable included for those requiring connection via HDMI. Using HDMI requires the use of a power supply, which is also included. The power supply also supports longer use for devices connected via USB-C.

Built in a solid and durable housing and with an included Neoprene protective sleeve, it's a perfect companion for those trips away.

*Ensure your device has a USB-C port supporting DisplayPort Alt Mode and power delivery.

Features:

Part Number: 49590
