Apple 11" iPad Air 2026 with Apple M4 Chip 256GB SSD & 12GB RAM Wi-Fi - Starlight

Product Overview

Apple 11" iPad Air 2026 with Apple M4 Chip 256GB SSD & 12GB RAM Wi-Fi - Starlight, Model A3459, Apple M4 Chip 8-core CPU with 3 Performance Cores & 5 efficiency Cores & 9-core GPU & 16-core Neural Engine, 12GB unified Memory, USB-C Connector, 2360-by-1640 Liquid Retina Display, 500 nits brightness, 12MP wide camera rear, Landscape 12MP center Stage camera front, Face ID / Touch ID, Apple N1 Wireless Networking Chip, Wi-Fi 7, Bluetooth 6, Three-axis gyro, Accelerometer, Barometer, Ambient Light Sensor

Specifications

Overview Summary:

Experience the power and portability of the Apple 11" iPad Air 2026, equipped with the Apple M4 Chip, 12GB RAM, and 256GB SSD. Its stunning 11-inch Liquid Retina display offers vivid colors and sharp detail, while Wi-Fi 7 connectivity ensures fast and reliable online access. Ideal for work, study, or entertainment, this iPad Air delivers smooth multitasking, advanced graphics, and secure access with Touch ID. Shop now and elevate your digital experience.

Take advantage of the precision and responsiveness offered by the Apple Pencil and Magic Keyboard, making creative tasks and note-taking seamless. Whether you're capturing photos with the 12MP rear camera or video calling with the Center Stage front camera, this iPad Air is designed for performance and versatility. Buy now to enjoy cutting-edge technology in a lightweight, elegant design.

Performance tier:Premium

Uses:Productivity, Creativity, Video calls, Media consumption, Digital drawing, Gaming, Note-taking

Overview:

Apple 11 Inch iPad Air 2026 M4 WiFi 256GB Starlight

The latest generation Apple iPad Air (2026, 11-inch) introduces a refined balance of power, portability, and intelligent performance. Powered by the advanced Apple M4 chip, this model is engineered to handle demanding workloads, creative applications, and multitasking with ease. Its slim design houses a vibrant Liquid Retina display, responsive Touch ID security, and next-generation wireless connectivity, making it a strong option for both productivity and entertainment.

Built for modern workflows, it integrates seamlessly with iPadOS, enabling efficient multitasking, intuitive navigation, and enhanced app performance. Whether you are editing content, streaming media, or managing daily tasks, the experience remains fluid and responsive across use cases.

Description:

Designed for users who demand performance without compromising portability, this 11-inch iPad Air combines a powerful M4 processor with 12GB unified memory and fast 256GB storage. The high-resolution Liquid Retina display delivers sharp visuals with accurate colour reproduction, while WiFi 7 ensures fast and stable connectivity. Advanced front and rear cameras support video calls, content creation, and document scanning, making it suitable for both professional and personal use. With Apple Intelligence capabilities and efficient battery performance, it adapts easily to productivity, creativity, and entertainment

scenarios.

Features:

Performance and Processing Power

At the core is the M4 architecture, delivering substantial gains in both CPU and GPU workloads. This configuration includes a hybrid core structure designed to optimise both high-performance tasks and energy efficiency.

- 8-core CPU with 3 performance cores and 5 efficiency cores
- 9-core GPU with hardware-accelerated ray tracing
- 16-core Neural Engine for AI-driven tasks
- 12GB unified memory for smooth multitasking

This setup ensures consistent responsiveness when running demanding applications, editing media, or working across multiple apps simultaneously.

Display and Visual Experience

The 11-inch Liquid Retina display is calibrated for clarity and colour accuracy, suitable for both professional and casual viewing.

- Resolution: 2360 x 1640 at 264 ppi
- Wide colour P3 and True Tone technology
- Fully laminated display with anti-reflective coating
- Brightness up to 500 nits

The result is a clean, sharp image with reduced glare and improved visibility in different lighting conditions.

Storage and Model Identification

This configuration provides a balanced storage capacity for most users while maintaining high-speed data access.

- Storage capacity: 256GB
- Colour: Starlight
- Model: A3459
- Part Number / SKU: MH374QA/A

The SKU MH374QA/A is useful for precise identification when sourcing or comparing configurations.

Camera System and Video Capabilities

The device is equipped with advanced imaging hardware suitable for communication, scanning, and content capture.

Rear camera:

- 12MP wide sensor with f/1.8 aperture
- 4K video recording up to 60 fps
- Smart HDR 4 and image stabilisation

Front camera:

- 12MP ultra-wide with Center Stage
- Landscape orientation for video calls
- 1080p HD video recording

These capabilities make it effective for video conferencing, mobile photography, and document workflows.

Connectivity and Wireless Technology

Connectivity is upgraded to support faster data transfer and stable wireless performance.

ComX Computers

Product Specification Sheet

- WiFi 7 (802.11be) with 2x2 MIMO
- Apple N1 wireless networking chip
- Bluetooth 6 support
- USB-C connector for charging and accessories

This ensures compatibility with modern networks and peripherals, improving productivity and file transfer speeds.

Security and Access

Touch ID is integrated for secure authentication and payments.

- Unlock device securely
- Authorise app access
- Enable Apple Pay transactions

This maintains a balance between convenience and data protection.

Battery and Power Efficiency

The internal battery is designed to support extended daily usage without frequent charging interruptions.

- 28.93 watt-hour lithium-polymer battery
- Up to 10 hours of web browsing or video playback on WiFi
- Charging via USB-C or power adapter

Efficiency improvements from the M4 chip contribute to consistent battery performance.

Sensors and System Integration

A range of integrated sensors enhances usability and system responsiveness.

- Three-axis gyroscope
- Accelerometer
- Barometer
- Ambient light sensor

These components support motion tracking, environmental awareness, and adaptive display adjustments.

Compatibility and Accessories

The device supports a range of accessories that extend its functionality.

- Compatible with Apple Pencil Pro and Apple Pencil USB-C
- Works with Magic Keyboard for typing and trackpad input

This allows it to transition between tablet and productivity workstation scenarios.

In the Box

- iPad Air 11 inch
- USB-C charge cable 1 metre
- 20W USB-C power adapter

Product Specification Sheet

Product Code	MH374QA/A
Colour	Starlight
Capacity	256GB
Brand	Apple
SKU	MH374QA/A
Screen size	11-inch
Display glass	Standard Glass
Connectivity	Wi-Fi
Memory	12GB unified memory
Chip	Apple M4 chip. 8-core CPU with 3 performance cores and 5 efficiency cores 9-core GPU Hardware-accelerated ray tracing 16-core Neural Engine
Face ID/Touch ID	Unlock iPad
	Secure personal data within apps
	Make purchases from the iTunes Store, App Store, and Apple Books
Connector	USB-C Connector
Display	Liquid Retina display
	LED backlit Multi-Touch display with IPS technology
	2360-by-1640-pixel resolution at 264 ppi
	Wide color (P3)
	True Tone
	Fingerprint-resistant oleophobic coating
	Fully laminated
	Antireflective coating
	500 nits brightness
	Supports Apple Pencil Pro
	Supports Apple Pencil (USB-C)
	Apple Pencil hover
