MikroTik RouterBOARD hAP lite - 2.4GHz 802.11b/g/n wireless Desktop Access Point AP with 4x Lan

Product Overview

MikroTik RouterBOARD hAP lite - 2.4GHz 802.11b/g/n wireless Desktop Access Point AP, 4x 10/100 Ethernet ports, 650MHz CPU, 32MB RAM, Built-in 2.4GHz 802.11b/g/n 2x2 two chain wireless with integrated antennas, RB941-2nD-TC

Specifications

Overview Summary:

The MikroTik hAP lite is a compact and affordable 2.4 GHz router ideal for apartments, small homes or offices. It offers dual-chain 802.11b/g/n wireless, four fast Ethernet ports for wired devices and runs full RouterOS for firewall, bandwidth shaping and user control. Its small size and low power consumption make it easy to install and operate - shop now for a reliable router to connect your devices quickly and securely.

Performance tier:Entry / Budget-friendly

Uses:Home WiFi, Small office networking, Basic wired + wireless network, Guest WiFi, Desktop or small space router

Overview:

MikroTik hAP lite Wireless Access Point for Home and Office

The MikroTik hAP lite is a compact and efficient wireless access point designed for apartments, homes, and small offices. Its versatile design allows easy setup and reliable connectivity for multiple devices, making it a perfect choice for anyone looking to expand or optimize their network.

This small but powerful device comes with a 650MHz CPU, 32MB of RAM, and dual-chain 2.4GHz wireless capability. It provides four Fast Ethernet ports for wired connections and supports easy network management with RouterOS. With simple button-activated WPS and cAP mode options, hAP lite makes connecting devices effortless while offering advanced network control for bandwidth, firewall, and user access.

Features:

Compact Wireless Performance

The hAP lite delivers reliable 2.4GHz 802.11b/g/n wireless coverage, ideal for small spaces. Its integrated dual-chain antennas provide stable connectivity for multiple devices simultaneously, ensuring smooth internet performance for everyday tasks like streaming, browsing, and smart home management.

Easy Setup and Network Control

Setup is straightforward with push-button WPS, eliminating the need to manually enter passwords. Switching to cAP mode for central management through CAPsMAN is also as simple as pressing a button. This allows you to expand your network easily while keeping control centralized and streamlined.

Reliable Wired Connections

In addition to wireless performance, the hAP lite features four 10/100 Ethernet ports. These Fast Ethernet ports are perfect for connecting desktop computers, network storage devices, or printers, ensuring a stable wired connection alongside your wireless network.

Powerful Hardware for Smooth Operation

Equipped with a 650MHz CPU and 32MB of RAM, the hAP lite handles multiple simultaneous connections efficiently. Its RouterOS L4 license unlocks advanced networking capabilities such as bandwidth management, firewall protection, and user access control, making it more than just a basic access point.

Compact Design for Any Space

The sleek, small form factor of the hAP lite allows it to fit seamlessly on desktops, shelves, or mounted on walls. Its unobtrusive design blends easily into any home or office environment without compromising network performance.
